Angelus Hospital

This institution has for a number of years ministered to the public looking for the best of hospitals, accommodation and service. It needs no recommendation in these columns since it is well known to the leading physicians and surgeons of Los Angeles and Southern California. The Angelus is practically a fireproof building with large and sunny rooms and beautiful lawns, located in a quiet, clean residential part of the city. Special attention is given to diet and the most healthful and nourishing foods are provided and served in an attractive manner.

A training school for nurses is maintained and a nurses home is provided, affording all the comforts of a modern private home.

The Angelus Hospital is situated at Washington, Trinity and 20th Streets, Los Angeles, and may be reached by San Pedro Street or Maple Avenue car lines.

MEDICAL PRACTICE LAW OF COLORADO

An Act

To Protect the Public Health and Regulate the Practice of Medicine in the State of Colorado.

Section 1. CREATION OF BOARD: A board is hereby established, to be known by the name and style of the State Board of Medical Examiners. Said board shall be composed of nine practicing physicians of integrity and ability, who shall be residents of and have been duly licensed to practice medicine in this state, and who shall have been graduated from medical schools of high educational requirements and standing, and have been engaged in the active practice of their profession within this state. Said board shall perform such duties and possess and exercise such powers relative to the protection of the public health and the control and regulation of the practice of medicine in this state as shall be in this Act prescribed and conferred upon it.

Sec. 2. APPOINTMENT OF MEMBERS: The governor shall appoint nine physicians, who shall possess the qualifications specified in Section 1 of this Act, to constitute the members of said board. Said members shall be so classified by the governor that the term of office of three shall expire in two, three in four and three in six years from the date of appointment. Biennially thereafter the governor shall appoint three members, who shall possess the qualifications as specified in Section 1 of this Act, each to serve for the term of six years, and he shall fill vacancies in the membership of said board as soon as practicable.

Sec. 3. ORGANIZATION; LICENSE WITHOUT EXAMINATION: Said board shall biennially elect a president, a vice-president and a secretary-treasurer from their membership and shall adopt a seal, which shall be affixed to all licenses issued by them. They shall, from time to time, adopt such rules and regulations as they may deem necessary for the performance of their duties, and a schedule of minimum educational requirements, which shall be without prejudice, partiality and discrimination as to schools or systems of practice of medicine. When an applicant for a license offers to the board satisfactory proof that he has complied with such educational requirements as are specified in said schedule, the board shall accept such proof as sufficient evidence of the educational qualifications of the applicant, to entitle him to a license without examination; provided, however, that any person who shall have been lawfully engaged in the practice of the healing art in the state of Colorado, for not less than three months immediately prior to the date upon which this Act takes effect, and is a graduate from an institute chartered to teach the healing art, by the state wherein it was located, which school, in case the practioner graduated therefrom prior to Jan. 1, 1908, required such practitioner to be in actual attendance for two years of nine months each of not less than 1,000 hours of instruction work in each of those years in order to graduate, and which school, in case the practitioner graduated therefrom subsequent to Jan. 1, 1908, required the practitioner to be in actual attendance for three years of nine months each of not less than 1,000 hours of instruction work in each of these years in order to graduate, shall be granted a license to practice medicine in the state of Colorado by the State Board of Medical Examiners without examination as to his skill or knowledge; provided further that such practitioner shall make application to the said Board of Medical Examiners for such license within ninety days after date upon which this law takes effect upon such blank forms as said board shall provide and shall pay the fees herein prescribed and shall furnish evidence satisfactory to the board that he is a person of good moral character and possesses the educational qualifications hereinabove specified.

Sec. 4. BOARD MEETINGS: The State Board of Medical Examiners shall meet as a board of medical examiners in the city of Denver, on the first Tuesday of January, April, July and October of each year, and at such other times and places as may be found necessary for the performance of their duties.

Sec. 5. APPLICATIONS: Any person wishing to obtain the right to practice medicine in this state, who has not heretofore been licensed so to do shall, before it shall be lawful for him to practice medicine in this state, make application to said State Board of Medical Examiners, through the secretary-treasurer thereof, upon such form and in such manner as shall be adopted and prescribed by the board, and obtain from the board a license so to do. Unless such person shall have obtained a license as aforesaid, it shall be unlawful for him to practice medicine in this state; and if he shall practice medicine in this state without first having obtained such a license he shall be deemed to have violated the provisions of this Act. All applicants for a license to practice medicine or for a renewal of any such license which has been revoked shall furnish the board with satisfactory evidence of good moral character.

Sec. 6. LICENSING AND PENALTIES: Said board shall have authority to administer oaths, to summon witnesses and to take testimony in all matters relating to their duties. Said board shall issue licenses to practice medicine to all persons who shall furnish satisfactory evidence of attainments and qualifications under the provisions of this Act and the rules and regulations of the board. Such licenses shall be signed by the president and attested by the secretary-treasurer of the board under its adopted seal, and they shall be absolute authority to the persons to whom they are issued to practice medicine in this state. It shall be the duty of the secretary-treasurer, under the direction of the board, personally or by deputy, to aid the several district attorneys of the state in the enforcement of this Act and in the prosecution of all persons charged with violating any of its provisions.

Sec. 7. FEES: There shall be paid to the secretary-treasurer of the State Board of Medical Examiners by each applicant for a license a fee of twenty-five dollars ($25), which shall accompany the application. Two fifths of the fee shall be returned to the applicant in case the board shall refuse to grant him a licence.

Sec. 8. APPLICATIONS; QUALIFICATIONS; EXAMINATION: EVERY person who desires to obtain a license to practice medicine in the state of Colorado shall first make application for such license upon such form as the State Board of Medical Examiners shall provide, giving all information called for therein, and pay the license fee herein specified and shall furnish to the board such evidence of good moral character as the board may demand. Thereupon, the board shall investigate the moral character, education and experience of the applicant. The burden of showing a good moral character to the satisfaction of the Board of Medical Examiners shall be upon the applicant, but the board shall make such independent investigation as it shall see fit. No person shall be granted a license upon his credentials nor permitted to take an examination for a license until the board is satisfied that he possesses a good moral character. The board shall next determine whether or not the applicant is entitled to a license upon his credentials, and in determining this question they shall consider his general reputation, preliminary education, degrees received from educational institutions, licenses to practice in other states, practice and hospital experience, experience as a teacher of medicine and any other matter tending to show his fitness to receive a license without examination. If the applicant is not granted a license upon his credentials, or if he prefers to be licensed by examination instead of upon his credentials, he shall be permitted to take an examination before the board, and no person who possesses a good moral character and has made application for a license upon the form provided by the board and has paid the fees herein specified, shall be denied the right to take the examination. However, no person who elects to take an examination and fails therein shall thereafter be licensed upon credentials which he possessed at the time of the examination, nor shall any person who has been licensed upon credentials be permitted to take an examination. Every applicant for a license shall be designated by number instead of by name, so that his identity shall not be disclosed to the members of the board until after the examination papers are graded, and every applicant whose examination papers grade at least seventy-five (75) per cent. on the average shall be granted a license. The subjects of examination shall be as follows: Anatomy, physiology, chemistry, symptomatology, toxicology, pathology, surgery and obstetrics, but no question shall be asked of any applicant concerning materia medica, therapeutics or any manner, means or system of treatment or healing.

Sec. 9. RECORDING LICENSE: Every person who shall receive a license from the State Board of Medical Examiners shall have it recorded in the office of the recorder of deeds of the county in which he resides, and shall likewise have it recorded in the counties to which he shall subsequently remove for the purpose of practicing medicine. The failure on the part of the holder of a license to have it recorded before he shall begin the practice of medicine in this state shall render it null and void.

Sec. 10. REGISTRY OF LICENSES: The recorder of deeds of each county in this state shall keep for public inspection, in a book provided for that purpose, a complete list and description of the licenses recorded by him. When any such license shall be presented to him for record he shall stamp or write on the face thereof his signed memorandum of the date when such license was presented for record.

Sec. 11. REVOCATION OF LICENSE: The State Board of Medical Examiners may refuse to grant or may revoke a license to practice medicine in this state, or may cause a licentiate's name to be removed from the record in the office of any recorder of deeds in the state on any of the following grounds, to wit: The employment of fraud or deception in applying for or securing a license or in passing the examination provided for in this Act; the practice of medicine under a false or assumed name, or the impersonation of another physician of this state or of any state, territory or foreign country, of a like or different name; the conviction of a felony or of a crime involving moral turpitude; habitual intemperance in the use of ardent spirits, narcotics or stimulants; the procuring or aiding or abetting in procuring or attempting to procure a criminal abortion; grossly negligent or ignorant malpractice; the obtaining of a fee, either directly or indirectly, either in money or in the form of anything of value, or in the form of financial profit, either as personal compensation, or as compensation, charge, profit or gain for an employer, or any other person or persons, on the representation that a manifestly incurable, sick, diseased or injured condition of any person can be permanently cured; causing the publication, circulation, exhibition or display publicly of an advertisement, notice or information of any medicine or means whereby the monthly periods of women can be regulated, or the menses, if suppressed, can be reestablished, or whereby an abortion can be accomplished; causing the publication, circulation, exhibition or display publicly of an advertisement relative to any disease of the sexual organs or relative to the treatment, alleviation, palliation, cure or prevention of any disease, weakness or condition of the sexual organs such as prejudicially to affect public morals; the obtaining of a fee or the promise or obligation to pay a fee by fraud; immoral, unprofessional or dishonorable conduct; the violation of any provision of this Act. Said board, in determining whether any applicant for a license to practice medicine is morally, educationally and otherwise qualified to receive such a license, shall upon their own initiative make diligent inquiry and investigation whether such applicant possesses the qualifications required by this Act and those adopted by the board under the authority of this Act and whether such applicant has at any time done any of the acts herein made a ground for refusing or revoking a license and they may refuse to grant a license to practice medicine to any person who, after such inquiry and investigation, they shall find does not possess the moral, educational and other qualifications herein required or adopted by the board under authority of this Act or who had done any of said acts. But said board shall not refuse to grant such a license under such circumstances until said applicant has had reasonable opportunity, and at least thirty (30) days' notice, to appear before the board in person and by counsel and present in his behalf such statements, testimony, evidence, argument and authority as he may desire to call to the attention of the board. Said board and the members thereof, may, whenever it has been brought to the attention of them or any of them that there is a reason to suspect that any person holding a license to practice medicine in this state has been guilty of any of the acts herein made a ground for revoking such license, make an investigation to determine the probability of the commission of any such act by any such person. If they find such probability great, they shall notify such person of such finding and they shall fix a time and place for conducting a hearing of such matter and shall give notice thereof to the person so suspected, and of the time and place of such hearing, and the specific charges against him, and shall inform him that he may be present at such time and place in person and by attorney to offer such evidence as he may desire upon the matter under investigation, and may be heard in his defense. Any person may file a complaint with the secretary-treasurer of the State Board of Medical Examiners against any person who holds a license to practice medicine under the laws of this state, or who is an applicant for such a license, with a view to having the board revoke or refuse to grant such a license on any of the grounds herein set out. When such a complaint is filed with the secretary-treasurer, he shall serve a copy thereof upon the person so accused, together with a notice of at least thirty (30) days of the time when, and the place, where said board will conduct a hearing thereon and that he may be present in person and by attorney if he so desires, and may offer evidence and be heard in his defense. At the time and place fixed for a hearing before the board, as hereinabove specified or at any time and place to which the matter may be continued, the board shall receive evidence upon the subject under consideration and shall accord the one against whom charges are preferred a full and fair opportunity to be heard in his defense and shall adopt a resolution finding him guilty or not guilty of the matters charged, and if he be found not guilty the board shall dismiss the complaint, but if he be found guilty his license shall be revoked by the board. The State Board of Medical Examiners may, at any time after the refusal or revocation of license as aforesaid, grant or restore such license to the person affected. Any person to whom such a license is so restored shall pay to the secretary-treasurer a fee of fifteen dollars ($15) upon the restoration thereof. The action of the State Board of Medical Examiners in refusing to grant or in revoking a license to practice medicine may be reviewed by the district court by the writ of certiorari under the Code of Civil Procedure.

Sec. 12. PRACTICE OF MEDICINE DEFINED: The term "practice of medicine," as used in this Act, is hereby defined to mean holding out one's self to the public as being engaged within this state in the business of diagnosing or treating diseases, injuries or defects of human beings, whether by the use of drugs, surgery, manipulation, electricity, or any other physical or mechanical means whatsoever; or the suggestion, recommendation or prescribing of any form of treatment for the intended palliation, relief, or cure of any physical or mental ailment or defect of any person with the intention of receiving therefor, either directly or indirectly, any fee, gift or compensation whatsoever; or the maintenance of an office for the examination or treatment of persons afflicted with disease, injury or defect of body or mind; or using the title M.D., Doctor, Surgeon, or any word or abbreviation to indicate or induce others to believe that one is engaged in the treatment or diagnosis of the diseases, injuries or defects of human beings; using any such title other than optician or optometrist to indicate that one is engaged in the business of refracting or fitting glasses to the human eye; or performing any kind of a surgical operation upon a human being; or the practice of midwifery; or attending a woman in childbirth without the aid of a licensed physician and surgeon or a licensed midwife. If any person who does not possess and shall not have filed a license to practice medicine within this state, as hereinabove provided, shall do any of the acts hereinabove mentioned as constituting the practice of medicine, he shall be deemed to be practicing medicine without complying with the provisions of this Act and in violation thereof. Nothing in this Act shall be construed to prohibit gratuitous services in case of emergency or to prohibit a physician lawfully practicing in another state or territory from attending a particular case in this state which he is called to diagnose or treat; nor the practice of midwifery as hereinafter defined by a duly licensed midwife, but the practice of midwifery by any person who does not hold a license to practice medicine or a license to practice midwifery issued by the State Board of Medical Examiners, shall be deemed to be practising medicine without a license in violation of this Act; nor the practice of chiropody as hereinafter defined by a duly licensed chiropodist, but the practice of chiropody by any person who does not hold a license to practice medicine or a license to practice chiropody issued by the State Board of Medical Examiners shall be deemed and considered to be practicing medicine without a license in violation of this Act; nor to prohibit the practice of optometry under the conditions and limitations defined in Chapter 118 of the Session Laws of Colorado of 1913; nor to prohibit the practice of religious tenets or religious rites or ceremonies as a form of religious worship, nor the practice of Christian Science with or without compensation; or to prohibit commissioned surgeons of the United States Army, Navy, or Public Health and Marine Hospital Service, from performing their lawful duties in this state as such officers.

Sec. 13. PENALTIES: Any person practicing medicine in this state without complying with the provisions of this Act shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be punished by a fine of not less than fifty dollars ($50) nor more than three hundred dollars ($300), or by imprisonment in the county jail for not less than ten (10) days nor more than thirty (30) days or by both. Any person presenting or attempting to file, as his own, the diploma or certificate or credentials of another, or who shall give either false or forged evidence of any kind to the State Board of Medical Examiners or any member therof in connection with an application for a license to practice medicine, or who shall practice medicine under a false or assumed name, or who shall falsely personate another practitioner of a like or different name, shall be deemed guilty of a felony, and on conviction thereof shall be punished by imprisonment in the state penitentiary for a term of not less than one (1) year nor more than ten (10) years at hard labor.

Sec. 14. DISPOSITION OF LICENSE FEES: All fees received by the State Board of Medical Examiners and all fines collected by any officer of the law under this Act shall be paid to the secretary-treasurer of said board, who shall, at the end of each and every month, deposit the same with the state treasurer, and the said state treasurer shall place said money so received in a special fund, to be known as the fund of the State Board of Medical Examiners, and shall pay the same out on warrants drawn by the auditor of the state therefor on vouchers issued and signed by the president and secretary-treasurer of said board. Said moneys so received and placed in said fund may be used by the State Board of Medical Examiners in defraying their expenses in carrying out the provisions of this Act. At the end of every biennial period, if there shall remain in said fund any balance, said balance shall be transferred to the general revenue fund of the state. The secretary-treasurer of said board shall keep a true and accurate account of all funds received and all vouchers issued by the board, and on the first day of December of each year he shall file with the governor of the state a report of all receipts and disbursements for said board for the preceding fiscal year. Members of said board shall receive a per diem for the time during which they shall be actually engaged in the discharge of their duties, and the secretary-treasurer shall receive a salary, said per diem and salary shall be fixed by the board.

Sec. 15. UNLAWFUL PRACTICE: It is hereby declared to be unlawful for any person who does not hold a license to practice medicine within this state, to hold himself out as engaged in the business of diagnosing or treating any disease, diseased condition, injury or defect of human beings, either in person or by or through a partner, agent or employee, or to maintain an office for the purpose of diagnosis or treating any disease, diseased condition, injury or defect of human beings by or through a partner, agent or employee. It is also declared to be unlawful for any person not holding a license to practice medicine within this state to examine for the purpose of diag-

nosing, or to diagnose or to treat any person suffering from any disease, diseased condition, injury or defect either in person, or by or through a partner, agent or employee. It shall be no defense to any person prosecuted under this section that the partner, agent or employee, by whom the person was examined or treated, held a license to practice medicine within this state at the time of such examination or treatment.

Sec. 16. UNLAWFUL PRACTICE: It is hereby declared to be unlawful for any person to examine for the purpose of diagnosing, or to diagnose or treat any person suffering from any disease, diseased condition, injury or defect as the partner, agent or employee of any person who does not hold a license to practice medicine within this state, or as the employee of any corporation, and it shall be no defense to any person prosecuted under this section that he held a license to practice medicine in this state at the time of such examination or treatment. However, this section shall not be construed to forbid any licensed physician from accepting employment from any person, partnership, association or corporation to examine and treat the employees of such person, partnership, association or corporation.

Sec. 17. UNLAWFUL PRACTICE: If any person holding a license to practice medicine within this state shall examine for the purpose of diagnosing or shall diagnose or treat any person suffering from any disease, injury or defect as the partner, agent or employee of any person who does not hold a license to practice medicine within this state, or as the employee of a corporation except when he is employed to treat the regular employees of such person, partnership, association or corporation, his license shall be revoked therefor by the State Board of Medical Examiners upon a hearing conducted as hereinabove prescribed for the revoking of licenses upon any other ground.

Sec. 18. CHIROPODY: The State Board of Medical Examiners may grant and revoke licenses to practice chiropody within the state of Colorado, and it is hereby declared to be unlawful for any person to practice chiropody as hereinafter defined within the state of Colorado, who does not hold a license to practice medicine or a license to practice chiropody issued by the State Board of Medical Examiners.

Sec. 19. The term chiropody as used in this Act is hereby defined to mean the surgical treatment of abnormal nails, corns, warts and callosities of the feet and the superficial treatment of bunions.

Sec. 20. Before receiving a license to practice chiropody, the applicant shall be required to make application upon such form as the board of medical examiners may require, and to pay the fee hereinabove required of an applicant for a license to practice medicine and to pass an examination given by the board in those subjects concerning which the board deems it necessary for a practitioner of chiropody to have special knowledge.

Sec. 21. The license to practice chiropody as hereinabove defined shall confer upon the licentiate the right to give surgical treatment for abnormal nails, corns, warts, callosities of the feet and superficial treatment of bunions, and the right to use local anesthetics upon feet as incidental to such treatment, but no right to give any other anesthetics or to make any incision involving structure below the level of the true skin.

Sec. 22. Any person not holding a license to practice medicine or a license to practice chiropody, who shall practice chiropody as hereinabove defined, and any person holding a license to practice chiropody who shall practice medicine otherwise than is included in the practice of chiropody shall be deemed guilty of a misdemeanor and upon conviction thereof shall be punished as provided in Section 13 of this Act.

Sec. 23. The State Board of Medical Examiners may revoke the license to practice chiropody of any person who, while holding such a license, obtains a fee or a promise or obligation to pay a fee by fraud, or is guilty of grossly negligent, or ignorant malpractice in the practice of chiropody, or violates any provisions of this act, or is guilty of any immoral or dishonorable conduct. The procedure for denying or revoking a license to practice chiropody, shall be the same as that for denying or revoking a license to practice medicine.

Sec. 24. MIDWIFERY: The State Board of medical Examiners may grant and revoke licenses to practice midwifery within the state of Colorado, and it is hereby declared to be unlawful for any person to practice midwifery as hereinafter defined, within the state of Colorado, who does not hold a license to practice medicine or a license to practice midwifery issued by the State Board of Medical Examiners.

Sec. 25. The term of midwifery as used in this Act, is hereby defined to mean the attending of women in child birth.

Sec. 26. Before receiving a license to practice midwifery, the applicant shall be required to make application upon such form as the Board of Medical Examiners may require, and pay the fee hereinabove required of an applicant for a license to practice medicine and to pass an examination given by the board in those subjects concerning which the board deems it necessary for a practitioner of midwifery to have special knowledge.

Sec. 27. The license to practice midwifery as hereinabove defined shall confer upon the licentiate, the right to attend women in child birth without the aid of a licensed physician, but not the right to give or prescribe any drugs or anesthetics, or to use any instruments in delivering a child, or to practice medicine in any other form.

Sec. 28. Any person not holding a license to practice medicine, or a license to practice midwifery, who shall practice midwifery as hereinabove defined, and any person holding a license to practice midwifery who shall practice medicine otherwise than is included in the practice of midwifery, shall be deemed guilty of a misdemeanor and upon conviction thereof, shall be punished as provided in Section 13 of this Act. Nothing in this Act shall be construed to forbid the practice of midwifery by any person heretofore licensed so to practice by the State Board of Health of Colorado.

Sec. 29. The State Board of Medical Examiners may revoke the license to practice midwifery of any person who while holding such a license performs a criminal abortion, or obtains a fee or a promise or obligation to pay a fee by fraud; or is guilty of grossly negligent or ignorant malpractice in the practice of midwifery; or violates any provision of this Act; or is guilty of any immoral or dishonorable conduct. The procedure for denying or revoking a license to practice midwifery shall be the same as that for denying or revoking a license to practice medicine.

Sec. 30. CHIROPRACTIC: The State Board of Medical Examiners may grant and revoke licenses to practice chiropractic within the state of Colorado and it is hereby declared to be unlawful for any person to practice chiropractic as hereinafter defined within the state of Colorado who does not hold a license to practice medicine or a license to practice chiroproctic issued by the State Board of Medical Examiners.

Sec. 31. The term practice of chiropractic as used in this Act is hereby declared to mean the treatment of disease or morbid conditions of human beings by palpation, nerve tracing and adjustment of vertebrae by hand.

Sec. 32. Any person who has been continuously engaged in the practice of chiropractic within the state of Colorado for six months prior to the date upon which this Act shall take effect and who is a graduate of a school chartered by the state in which it is located to teach chiropractic, and which school, at the time such person attended it, required its students to be in actual attendance for not less than four hundred hours of instruction work in order to graduate, and which person was in such actual attendance before graduation therefrom or who has been continuously engaged in the actual practice of chiropractic within the state of Colorado for two years prior to the date upon which this Act shall take effect and who shall make application for a license to practice chiropractic within three months from the date upon which this Act shall take effect upon such form as the State Board of Medical Examiners shall provide, and shall pay a fee of twenty-five dollars ($25) therefor, shall be granted a license to practice chiropractic within the state of Colorado, upon proving his good moral character to the satisfaction of the board, without examination or other condition.

Any person who desires a license to practice chiropractic within the state of Colorado who is not entitled to such license under the above provisions of this section, or failing to make application therefor within the above time specified, shall be entitled, without examination, to such license upon making an application therefor upon such form as the Board of Medical Examiners shall provide, and paying a fee of twenty-five dollars ($25) therefor and proving his good moral character to the satisfaction of the board, and further proving to the satisfaction of the board that he is a graduate of a school chartered by the state in which it is located to teach chiropractic, which school required the applicant to be in actual attendance for not less than two years of nine months each, and take not less than 1,000 hours of instruction work in each of those years in order to graduate.

Sec. 33. A license to practice chiropractic shall confer upon the licentiate the right to practice chiropractic as hereinabove defined and to use the title Doctor of Chiropractic, D. C. and Chiropractor in connection with his name, but not to use any other title or abbreviation to indicate that he is engaged in the business or profession of treating or diagnosing diseases, injuries or defects of human beings. Such license shall not confer upon licentiates the right to practice surgery or obstetrics, or to prescribe drugs or to administer anesthetics.

Sec. 34. Any person not holding a license to practice medicine or a license to practice chiropractic, who shall practice chiropractic as hereinabove defined, and any person holding a license to practice chiropractic, who shall practice medicine other than is included in a practice of chiropractic, shall be deemed guilty of a misdemeanor, and upon conviction thereof, shall be punished as provided in Section 13 of this Act.

Sec. 35. The State Board of Medical Examiners may revoke a license to practice chiropratice for any of the grounds mentioned in Section 11 of this Act as grounds for revoking a license to practice medicine. The procedure for denying or revoking a license to practice chiropractic shall be the same as for denying or revoking a license to practice medicine.

Sec. 36. Licenses to practice chiropody, midwifery and chiropractic shall be recorded in the office of the clerk and recorder of every county in the state of Colorado in which the licentiate practices, and the records of such office shall be deemed evidence in any court of law that any person does or does not possess such a license. The records of the office of the secretary-treasurer of the State Board of Medical Examiners shall likewise be deemed competent evidence of either of these facts, and shall be conclusive.

An Act approved and amended April 12, 1915.

Senate Bill No. 185. By Senator Knauss,

To Prohibit the Division of Fees by Physicians, Surgeons, Chiropractors, Midwives and Chiropodists, or the Payment of Compensation by Any of Them for Procuring Employment in a Professional Capacity.

Be it enacted by the General Assembly of the State of Colorado:

Section 1. If any person holding a license to practice medicine, chiropractic, midwifery or chiropody issued by the State Board of Medical Examiners of the state of Colorado, shall divide any fee or compensation received or charged for services rendered by him as a physician, surgeon, chiropractor, midwife or chiropodist, or shall agree to divide any such fee or compensation with any person whomsoever as pay or compensation to such other person either (1) for sending or bringing any patient or other person to such physician, surgeon, chiropractor, midwife or chiropodist for examination or treatment; or, (2) for recommending such physician, surgeon, chiropractor, midwife or chiropodist to any person; or, (3) for being instrumental in any manner in causing any person to employ such physician, surgeon, chiropractor, midwife or chiropodist in his professional capacity; or if any person holding a license to practice medicine, chiropractic, midwifery or chiropody issued by the State Board of Medical Examiners of the state of Colorado shall, either directly or indirectly, pay or compensate or agree to pay or compensate, any person whomsoever, either (1) for sending or bringing any patient or other person to such physician surgeon, chiropractor, midwife or chiropodist for examination or treatment; or, (2) for recommending such physician, surgeon, chiropractor, midwife, or chiropodist to any person; or (3) for being instrumental in any manner in causing any person to employ such physician, surgeon, chiropractor, midwife or chiropodist in his professional capacity; or if any person holding a license to practice medicine, chiropractic, midwifery or chiropody issued by the State Board of Medical Examiners of the state of Colorado, shall make a joint or lump or gross charge or present a bill or request a payment for a joint or lump or gross account for services rendered by him as a physician, surgeon, chiropractor, midwife or chiropodist, or otherwise or shall authorize any other person to make such a joint or lump or gross charge, present such a joint or lump or gross bill or request such a joint or lump or gross payment, without itemizing the amount charged or requested for the service rendered by each physician, surgeon, chiropractor, midwife or chiropodist whose services are included in such joint or lump or gross charge or bill or payment requested, such physician, surgeon, chiropractor, midwife or chiropodist shall be deemed guilty of a misdemeanor and upon conviction thereof shall be punished by a fine of not less than twenty-five dollars ($25) or more than two hudnred and fifty dollars ($250), or by imprisonment in the county jail for not more than thirty (30) days, or by both such fine and such imprisonment.

Sec. 2. It is hereby declared to be unlawful for any person to receive, either directly or indirectly, any pay or compensation given or paid in violation of the foregoing section of this statute and any person who receives any such pay or compensation shall be punished in the same manner and to the same extent as is provided in the foregoing section of this Act for the person giving or paying such pay or compensation.

Sec. 3. The State Board of Medical Examiners is hereby authorized and empowered, after a hearing held as in other cases, to revoke the license of any physician, surgeon, chiropractor, midwife, or chiropodist licensed to practice in this state, who shall violate any of the above and foregoing provisions of this statute, either by paying or agreeing to pay any other person any portion of any fee hereinabove prohibited or paying or agreeing to pay to any other person any compensation hereinabove prohibited or by receiving any portion of any fee or by receiving any compensation in violation of this Act; and it shall not be necessary that any physician, surgeon, chiropractor, midwife or chiropodist shall have been tried on a criminal charge before said board may proceed to try him for any violation of this Act, nor shall an acquittal on a criminal charge deprive the board of power and authority to try such physician, surgeon, chiropractor, midwife or chiropodist upon such charge and revoke his license if he be found guilty by said board.

Sec. 4. It is hereby made the duty of the State Board of Medical Examiners to aid the district attorneys of this state in the enforcement of this Act and all fines collected under this Act shall be paid over to the secretary-treasurer of the State Board of Medical Examiners and placed in the fund of said board.

Sec. 5. If any physician, surgeon, chiropractor, midwife or chiropodist shall, in violation of this Act, divide or agree to divide any fee or compensation received by him for services rendered in his professional capacity with any person whomsoever, the person who has paid such fee or compensation to such physician, surgeon, chiropractor, midwife or chiropodist may recover the amount unlawfully paid out, or agreed to be paid out, by such physician, surgeon, chiropractor, midwife or chiropodist from either the physician, surgeon, chiropractor, midwife or chiropodist who pays or agrees to pay the same or from the person to whom the same has actually been unlawfully paid by an action to be instituted within two years from the date upon which such fee or compensation has been unlawfully divided or agreed to be divided.

Sec. 6. It is hereby declared that this Act is necessary for the immediate preservation of the public peace, health and safety.

Sec. 7. In the opinion of the General Assembly an emergency exists and, therefore, this Act shall take effect and be in full force from and after its passage.

JAMES A. PULLIAM,
President of the Senate.
BOON BEST,
Speaker of the House of Representatives.
JULIUS C. GUNTER,
Governor of the State of Colorado.

GLOCKNER SANATORIUM

COLORADO SPRINGS, COLORADO

Located at Colorado Springs—the sunniest spot of Colorado. Just beyond the heart of the city, amid extensive lawns of great beauty, facing some portion of the Pike's Peak range of the Rockies from almost every porch or room. This institution thus affords those natural surroundings of quiet and those hygienic conditions favorable to the treatment of tuberculosis. Life in the open is particularly emphasized, as well as cheerfulness, personal interest and home-like surroundings.

Colorado Springs is particularly favored as a health resort, both in its wonderful climate which never reaches an extreme of either cold or heat, and in its large number of physicians of wide reputation in the treatment of tuberculosis.

The Glockner Sanatorium is under the supervision of the Sisters of Charity of Cincinnati, Ohio, but is absolutely non-sectarian in its relation to patients. Patients are free to select their own medical advisers, with whom, however, there is the closest co-operation, and every aid of proven worth is given due consideration.

Nurses are on duty day and night in sufficient numbers to meet all necessities. General nursing is given all patients according to their needs. Special nurses arranged for whenever desired.

No effort or expense has been spared to provide the wholesome and varied diet necessary in the treatment of tuberculosis. For guests able to make use of it, there is a large, cheerful and airy dining-room. Particular attention is given to the requirements and tastes of the bed patients.

Rates range from $25.00 to $60.00 a week, according to room accomodations. No discrimination is made in nursing or food.

Medical advice, drugs and personal laundry are **not** included in the regular charge.

Rooms may be engaged for the length of time desired. To insure accomodations it is well to make advance arrangements, stating day of expected arrival.

COMPLETE BOOKLET SENT ON APPLICATION

A Sealy Mattress at Factory Cost

This offer is made only to licensed physicians. Those taking advantage of this offer will please write us on their business stationery. Mattress will be delivered by our nearest dealer.

The Sealy Sanitary Tuftless Mattress commends sleep to the Physician, nurse and hospital superintendent by reason of its cleanliness and body conforming comfort. This comforting tuftless mattress consisting of an inseparable air-woven single batt of long fibre cotton, "gives" readily at those points where the body rests heaviest, and rises soothingly to fill in and support the arches of the back and other parts of the body.

Relaxation an Essential of Maintaining Vitality

¶ Complete relaxation is the primary requisite of vitality-renewing sleep. If your mattress produces a sense of undue pressure against the hips and shoulders where the body rests heaviest it will prevent relaxation. The same is true if it fails to rise and support the arches of the back.

¶ The pronounced facility with which the Sealy rises and falls in conformity to the contour of the body removes undue pressure and tension and insures the full measure of relaxation.

An Ever Resilient Buoyant Body Rest

¶ The advantages gained through Sealy resiliency are permanently maintained throughout its life.

¶ This is because it consists of a single batt of long fiber cotton inseparably interwoven by the Exclusive Sealy Air-Weave Process.

¶ This form of construction is practically immune to the effects of time and constant use. The Sealy Cotton Batt is five feet high before insertion into the mattress. This accounts for its buoyant, "springy" nature.

Old Fashioned Quality Rigorously Maintained

¶ The custom, inaugurated by the Sealy Mattress Company nearly a half century ago, of using only the highest grade cotton available is today rigorously maintained.

Sealy-Made Tufted Mattresses

¶ Where a Tufted Mattress will suffice, better values than the Sealy-Made Brands cannot be had. Like the Sealy each is made exclusively of new materials and bears a label guaranteeing the character and quality of its contents.

MEDICAL PRACTICE LAW OF CONNECTICUT

Section 2854. WHO MAY PRACTICE MEDICINE OR SURGERY: No person shall, for compensation, gain or reward, received or expected, treat, operate or prescribe for any injury, deformity, ailment or disease, actual or imaginary, of another person, nor practice surgery, until he has obtained such a certificate of registration as is in Section 2855 provided, and then only in the kind or branch of practice stated in said certificate; but this chapter shall not apply to dentists while practicing dentistry only, nor to any person in the employ of the United States government, while acting in the scope of his employment, nor to any person who shall furnish medical or surgical assistance in cases of sudden emergency, nor to any person residing out of this state who shall be employed to come into the state to render temporary assistance to or consult with any physician or surgeon who has been registered in conformity with the provisions of this chapter, nor to any physician or surgeon then actually residing out of this state who shall be employed to come into this state to treat, operate or prescribe for any injury, deformity, ailment or disease from which any person is suffering at the time when such non-resident physician or surgeon is so employed, nor to any chiropodist or clairvoyant who does not use in his practice any drugs, medicine or poison, nor to any persons practicing the massage method or Swedish movement cure, sun cure, mind cure, magnetic healing or Christian Science, nor to any other person who does not use or prescribe in his treatment of mankind drugs, poisons, medicines, chemicals or nostrums.

Sec. 2855. REQUIREMENTS FOR OBTAINING CERTIFICATE OF REGISTRATION: No person shall obtain a certificate of registration as in Section 2854 required until he has passed a satisfactory examination before one of the examining committees appointed for the purpose by the State Department of Health, except as hereinafter provided, nor until he has filed with said board duplicate certificates signed by a majority of said examining committee, stating that they have found him qualified to practice either medicine or surgery, nor until he has filed with said department duplicate statements subscribed and sworn to by him upon blanks furnished by said department, giving his name, age, place of birth and present residence, stating of what medical college he is a graduate and the date of such graduation, with such other information as shall be required by said blanks. No person shall be eligible to said examination until he presents to the committee by whom he is to be examined satisfactory evidence that he has received a diploma from some legally incorporated and reputable medical college as determined by the provisions of Section 2857, nor until he has presented to said committee a certificate of good moral character signed by two reputable citizens of this state, and also satisfactory evidence that, before beginning the study of medicine, he was graduated from a college, high school, or preparatory school whose standing shall be approved by said committee, or that his preliminary education is equivalent thereto, or that it was a condition of entrance to the medical school from which he received a diploma that all students should have received a high school education or the equivalent thereof. No person shall be eligible to examination under the provisions of this chapter until he shall, in addition to the foregoing requirements, present to said committee satisfactory evidence that before beginning the study of medicine, he completed a course of study of at least nine months' duration which included chemistry, physics and general biology, but this provision shall not apply to applicants who have been graduated from a recognized medical college prior to Jan. 1, 1919, or to persons who were eligible to examinations before said date and who have failed to pass successfully said examinations.

Any one of the examining committees appointed under the provisions of Section 2856 may accept the license of any State Board of Medical Examiners of any state in the United States or in the District of Columbia in lieu of said examination, provided the applicant shall present such license to the examining committee before whom he appears, with satisfactory evidence that such license has been issued after a state examination of as high a grade and of the same kind as that required by said examining committee, that he is a resident of this state or that he intends in good faith to permanently reside herein, that he has been in actual practice or has served as an interne in a hospital approved by the committee for a period of at least one year during the two years immediately preceding the date of his application, and that he is of good moral character and professional standing, and on the payment to said committee of the sum of fifteen dollars ($15) he may receive a certificate of the approval of such license by said examining committee.

Any physician who graduated from a legally incorporated reputable medical college, and who began practice of medicine out of this state prior to May 25, 1893, who appears before any one of the examining committees appointed under the provisions of Section 2856, with evidence satisfactory to said committee that he is a resident of this state or intends in good faith to permanently reside herein, immediately preceding the date of his application, that he is of good moral character and professional standing with the endorsement of the State Board of Medical Examiners of the state in which he resides, upon the payment to said committee the sum of fifteen dollars ($15), he shall receive a certificate of approval without further examination.

Any person passing such examination or obtaining such certificates of approval and filing said certificates and statements shall receive from said State Department of Health, on payment of two dollars ($2), a certificate of registration, which shall state that the person named is qualified so to practice. Each of said examining committees shall file with the State Department of Health, within thirty (30) days after the close of each examination, a list of all applicants examined by it since the last previous examination. Such list shall also indicate whether each applicant passed or failed to pass such examination.

Sec. 2856. NOMINATION AND APPOINTMENT OF MEMBERS OF EXAMINING COMMITTEES: The Connecticut Medical Society, the Connecticut Homeopathic Medical Society and the Connecticut Eclectic Medical Society shall each annually in December file with the State Department of Health the name of one physician, practicing in this state, who shall have been recommended by such medical society as a person competent to serve on one of the examining committees appointed by the State Department of Health, as specified in Chapter 158 of the public acts of 1893, and in case any vacancy occurs in any of said examining committees the president of the society of whose members said committee is composed shall nominate such a person to fill said vacancy. Annually in January the State Department of Health shall appoint one member of each of said committees who shall have been nominated for such office as aforesaid, to serve five years, and said department shall in the same manner fill any vacancy occurring in any of said committees. Said committees shall be known as the Connecticut Medical Examining Board, the Connecticut Homeopathic Medical Examining Board, and the Connecticut Eclectic Medical Examining Board.

Sec. 2857. EXAMINATIONS, PAPERS RECORDED, LISTS OF COLLEGES: The said examining committee shall hold examinations on the second Tuesdays of March, July and November of each year, at such places as they may designate and at such other times and places as they shall determine. Applicants for certificates to practice medicine or surgery shall be examined in anatomy, physiology, medical chemistry, obstetrics, hygiene, surgery, pathology, diagnosing, therapeutics, practice and materia medica. Each committee shall frame its own questions and conduct its examinations in writing, and both questions and answers shall be filed with and preserved for at least six years by the State Department of Health. Each of said committees shall make such rules and regulations for conducting said examination and the furtherance of the spirit of this chapter, as from time to time it shall deem necessary. Every applicant for examination under the provisions of this chapter shall be examined by the committee representing the same school of practice in which the applicant was graduated; but before taking such examination he shall pay to the committee the sum of fifteen dollars ($15). An applicant rejected by an examining committee may be reexamined by the committee before whom he appeared at any subsequent meeting of said committee. On the receipt of any duplicate statements, as in Section 2855 provided, the State Department of Health shall transmit one of said duplicate statements, together with a duplicate of the certificate of registration in each case, to the town clerk of the town wherein the person so filing said statement resides; and in case such person does not reside in the state of Connecticut, the State Department of Health shall transmit said statement and certificate to the town clerk of the town in this state nearest to the place of residence of such person, and said town clerk shall record the same in a book to be provided for that purpose by the State Department of Health, and shall then return the same to the person who filed the same with the Department of Health, and said town clerk shall receive for such recording a fee of twenty-five (25) cents, to be paid, by the State Department of Health out of the amount paid to it as aforesaid. The secre-

tary of each of said medical societies shall file annually with the Commissioner of Health a list of medical colleges or institutions recognized as legal and reputable by his society, or all of such secretaries may agree on a single list, and such list or lists may be corrected as may be necessary.

Sec. 2858. EXCEPTIONS: PRESCRIPTIONS IN ENGLISH; PENALTIES; CLERK: Nothing in this chapter shall be construed to repeal or affect any of the provisions of any private charter. The provisions of this chapter shall not apply to licensed pharmacists. All physicians or surgeons practicing under the provisions of this chapter shall, when requested, write a duplicate of their prescriptions in the English language. Every person who violates the requirements of this section regarding prescriptions shall be fined $10 for each offense. Every person violating any provision of Section 2854 shall be fined not less than $100 nor more than $300 for the first offense, and for each subsequent offense not less than $200 nor more than $500, or imprisoned in the county jail for not less than thirty (30) nor more than ninety (90) days, or both; the fine, when collected, shall be paid one half to the person or corporation making the complaint and the other half to the State Department of Health. Every person who shall swear to any falsehood in any statement required by Section 2855 to be filed with the State Department of Health shall be guilty of perjury. The State Department of Health may appoint a clerk and fix his salary, to be paid only out of the fees and penalties received under the provisions of this chapter.

Sec. 2859. REVOCATION OF CERTIFICATE: The Department of Health, upon the written request of all the members of any one of the examining committees mentioned in Section 2856 may revoke the certificate of registration of any person who has procured his certificate of registration by fraud or has been convicted of any crime in the practice of his professional business, or convicted of a felony, but no one of the examining committee shall have the right to request the revocation of a certificate granted on the examination of any one of the other examining committees.

Sec. 2860. APPEAL: If any person shall consider himself aggrieved by the doings of the State Department of Health under the provisions of Section 2859 he may, within thirty days after having received written notice from said State Department of Health of the revocation of his certificate of registration, appeal to the superior court within the county where such person resides, which court may grant the proper relief.

Sec. 2861. CHARGES, HOW PREFERRED: In addition to the provisions of Section 2859, concerning the revocation of certificates of registration of physicians, the county health officers of the several counties may, within their respective counties, upon their own motion or upon the sworn complaint of any two legal voters within such county, prefer charges before the superior court of such county against any person who may be accused of having fraudulently procured his certificate of registration to practice medicine and surgery, and the court before which such charge is preferred shall, within fourteen days thereafter, summon such accused person to appear before it at a given time and place to show cause, if any he have, why his certificate of registration should not be revoked, which summons shall be served by a proper officer, by leaving a copy thereof with the accused or at his usual place of abode at least six days before the same is returnable. The court may thereupon proceed to hear such charges, and upon finding the same true shall certify such finding to the Commissioner of Health, who shall thereupon revoke the certificate of registration of the person so accused.

Sec. 2862. LICENSE TO BE REVOKED FOR EXCESSIVE USE OF DRUGS: The authority authorized to grant any license or certificate of registration to any physician, dentist, veterinarian, pharmacist or registered nurse, after giving ten days' written notice in such manner as it may determine to any person holding such license or certificate who is addicted to the use of any drug to such an extent as to render him incapable of performing his duties, may revoke such license or certificate of registration. After one year from the date of revocation of such license or certificate of registration, such authority may grant a new license or certificate of registration of such person upon finding that he has recovered from such habit.

Sec. 2863. APPEAL: Any person aggrieved by the action of the authority revoking any license or certificate of registration, under the provisions of Section 2862, may bring a petition to the superior court in the county in which he resides, praying that such license or certificate of registration be restored. Such court may restore such license or certificate of registration upon finding any irregularity in the revocation of the same. Such petition shall be brought to the next return day, or the next but one, of such court, and costs in such proceedings shall be taxed in the manner provided for taxation of costs on appeal from decisions of county commissioners in revoking licenses to sell spirituous and intoxicating liquors.

An Act Concerning the Registration of Persons Licensed to Practice the Healing Arts.

Section 1. Every person licensed under the provisions of the general statutes, or who may hereafter receive such license to practice medicine, surgery, midwifery, chiropractic, osteopathy, chiropody, optometry or nursing, or any person licensed to use any means or agency to treat, prescribe for, heal or otherwise alleviate human ills, deformity, ailment or disease, shall annually, during the month of January, register with the state department of health, without fee, on blanks to be furnished by said department for such purpose, giving his name in full, residence and business address, provided nothing in this section shall be construed to include any person practicing dentistry or Christian Science.

Sec. 2. Any person violating any provision of this act shall be fined not more than five dollars. The county health officer of the county within which such violation occurs shall prosecute therefore.

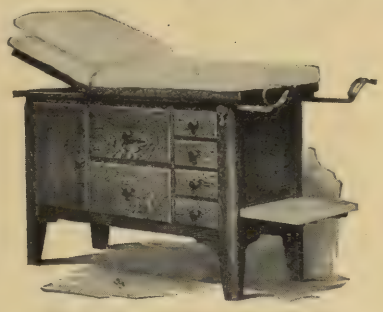
KEY TO SPECIALTIES

A SYMBOL DESIGNATING SPECIALTY IS ENTERED ON REQUEST WHENEVER THE PHYSICIAN IS A MEMBER (1) OF A CONSTITUENT STATE ASSOCIATION, (2) OF A SPECIAL SOCIETY OF WHICH THE MEMBERSHIP IS LISTED IN THE DIRECTORY, OR (3) IS A TEACHER IN A MEDICAL SCHOOL CLASSED "A" OR "B" IN THE RATING OF THE COUNCIL ON MEDICAL EDUCATION. SPECIALTIES ARE INDICATED AS FOLLOWS:

S—Surgery.
Ob—Obstetrics.
G—Gynecology.
ObG—Obstetrics and Gynecology.
Or—Orthopedic Surgery.
Pr—Proctology.
Oph—Ophthalmology.
LR—Laryngology, Rhinology.
ALR—Otology, Laryngology, Rhinology.
OALR—Ophthalmology, Otology, Laryngology, Rhinology.
U—Urology.
D—Dermatology.
Pd—Pediatrics.
N—Neurology.
P—Psychiatry.
NP—Neurology and Psychiatry.
I★—Internal Medicine.
T—Tuberculosis.
Anes—Anesthesia
CP—Clinical Pathology.
R—Roentgenology.
Path—Pathology.
Bact—Bacteriology.
PH★—Public Health.



WHEN THE ABBREVIATION DESIGNATING A SPECIALTY IS FOLLOWED BY AN ASTERISK (★) IT INDICATES THAT THE PHYSICIAN CLAIMS HIS PRACTICE IS LIMITED TO THAT PARTICULAR BRANCH OF MEDICINE; WTHOUT THE ASTERISK, THAT HE IS ESPECIALLY INTERESTED IN BUT DOES NOT LIMIT HIS PRACTICE TO, THAT BRANCH. THIS INFORMATION CONCERNING SPECIALTY IS BASED ON PERSONAL DATA FURNISHED BY THE PHYSICIAN AND IS NOT VERIFIABLE.

"What Is the Psychic Influence of Office Equipment on a Patient, and What Style of Furniture will Produce the Best Effect?"

Style 2154 Instrument Cabinet

Anything that suggests to the mind of the patient possible pain or distressing operations should be avoided. A pleasing, home-like library effect rather than the hospital appearance is much preferred and is soothing and reassuring to the nervous patients. The luxuriant appearance of the oak furniture or the refined elegance of the mahogany, is the choice of those who give this matter serious and careful thought.

The Allison line of furniture is designed with a view of producing pleasing effects rather than arousing in the mind of the patient the dread or fear of an operation. Besides being pleasing and artistic in design, every appliance is constructed so as to afford the safest and most efficient means of assisting the physician in his professional work and to give the greatest comfort possible to the patient.

MEDICAL PRACTICE LAW OF DELAWARE

An Act

Regulating the Practice of Medicine and Surgery in this State.

PREAMBLE: Whereas, The safety of the public may be endangered by incompetent physicians and surgeons, and due regard for public health and the preservation of human life demands that none but competent and properly qualified physicians and surgeons shall be allowed to practice their profession; therefore,

Be it enacted by the senate and house of representatives of the state of Delaware in general assembly met:

Section 1. ESTABLISHMENT OF MEDICAL COUNCIL: That there shall be established a Medical Council of Delaware, consisting of the chief justice of the state and of the president of the two state boards of medical examiners provided for in this Act.

Sec. 2. DESIGNATION; RULES: The said council shall be known by the name and style of the "Medical Council of Delaware," and may make and adopt all necessary rules, regulations and by-laws for their own government, not inconsistent with the laws of this state or of the United States, and shall have power to locate and maintain an office within this state for the transaction of business. Two members of said council shall constitute a quorum for the transaction of business.

Sec. 3. ORGANIZATION OF COUNCIL: The said council shall organize within ten days from the date of the organization of the two boards of medical examiners, and shall elect from its own number a president and a secretary, who shall also act as treasurer, both of whom shall hold their offices for one year, or until their successors are chosen.

Sec. 4. COMPENSATION: The members of said council shall receive, in addition to their necessary expenses, five dollars ($5) per day each for each meeting of the council, but said per diem shall not exceed in any one year more than fifteen dollars ($15), the same to be paid out of the fees hereinafter provided for.

Sec. 5. MEETINGS; CERTIFICATES: The said Medical Council shall hold two stated meetings in each year, and may hold special meetings at such times as it may deem proper. It shall issue certificates for license to practice medicine and surgery to such applicants as have presented such diplomas as hereinafter required and successfully passed the examination hereinafter provided, and the said Medical Council shall have no powers, duties or functions except as provided for in this Act.

Sec. 6. TWO EXAMINING BOARDS PROVIDED FOR; APPOINTMENT; VACANCIES: That from and after the passage of this Act there shall be, and continue to be, two separate boards of medical examiners for the state of Delaware, one representing "The President and Fellows of the Medical Society of Delaware," and the other "The Homeopathic Medical Society of Delaware State and Peninsula."

Each board shall consist of five members, and each of said number shall serve for a term of two years from the first day of March next after appointment, with the exception of those first appointed, who shall serve as follows, namely: two of each board for one year, and three of each board for two years, from the first day of March, A. D. 1895.

The governor shall appoint the members of said board of examiners, respectively, from the lists of members submitted by said medical societies residing in this state, which lists shall within ten days from the passage of this Act, and on or before the first day of every January thereafter, be transmitted to the governor under the seal and signed by the secretary of the society so nominating.

From these lists of nominees, respectively, the governor shall, within ten days after the receipt thereof, appoint two separate boards of medical examiners, each board to be composed exclusively of members of the same medical society. In case of the failure of either of the said societies to submit lists as aforesaid, the governor shall appoint members in good standing of the corresponding society entitled to nominate without other restrictions.

Each one of the said appointees must be a registered physician in good standing, and shall have practiced medicine or surgery under the laws of this state for a period of not less than five years prior to such appointment.

The governor shall fill vacancies by death or otherwise for unexpired terms of said examiners from the lists submitted as aforesaid, and may remove any member of either of said boards for continued neglect of the duties required by this Act, or on recommendation of the medical society of which said member may be in affiliation, for unprofessional or dishonorable conduct.

The governor shall in his first appointments designate the number of years for which each appointee shall serve.

The appointments of successors to those members whose terms of office will expire on the first day of March of each year shall be made by the governor during the first ten days of January of such year, on the same conditions and requirements as hereinbefore specified with reference to the appointment of two separate examining boards, each to be composed exclusively of members of the same medical society, as hereinbefore provided.

Sec. 7. DESIGNATIONS: Said boards shall be known by the name and style of "Boards of Medical Examiners of the State of Delaware." Every person who shall be appointed to serve on either of said boards shall receive a certificate of appointment from the secretary of state under his hand. Each of said boards of examiners shall make and adopt all necessary rules, regulations and by-laws, not inconsistent with the laws of this state or of the United States, whereby to perform the duties and transact the business required under the provisions of this Act.

Sec. 8. DISPOSITION OF FEES: From the fees provided by this Act the Medical Council shall pay, not to exceed said income, all proper expenses incurred by its provisions; and if any surplus above said expenses shall remain at the end of any year, it shall be apportioned among said medical societies pro rata according to the number of candidates examined by each.

Sec. 9. ORGANIZATION: The first meeting of each of the examining boards, respectively, shall be held on the first Tuesday of July, 1895. At such meeting of each of the boards, respectively, an organization shall be effected by the election from their own membership of a president and secretary, for the purpose of examining applicants for certificate or license. Each of said Boards of Medical Examiners shall hold two or more stated or special meetings in each year, due notice of which shall be made public at such times and places as they may determine. At said stated or special meetings a majority of the members of either board shall constitute a quorum thereof, but the examination may be conducted by a committee duly authorized by said boards.

Sec. 10. QUESTIONS TO BE SUBMITTED TO COUNCIL: Each Board of Medical Examiners, not less than one week prior to each examination, shall submit to the Medical Council of Delaware questions for thorough examination in anatomy, physiology, hygiene, chemistry, surgery, obstetrics, pathology, diagnosis, therapeutics, practice of medicine and materia medica.

The Medical Council shall select the questions for such examinations from the lists of questions submitted by the Board of Medical Examiners of the candidate's election; and should there be candidates for examination of any other school than the two designated in this Act, they shall be examined by the council and some reputable practitioner in this state of such school, by said council to be selected, upon questions selected from standard text-books on the above subjects as taught by the school selected by the candidate.

Sec. 11. EXAMINATIONS: Said examinations shall be conducted in writing in accordance with the rules and regulations prescribed by the respective Boards of Medical Examiners, and shall embrace the subjects named in Section 10 of this Act. After each examination the Board of Medical examiners having charge thereof shall, without unnecessary delay, act on the same. An official report of such action, signed by the president, secretary and each acting member of said Board of Medical Examiners, stating the result of examination, shall be transmitted to the Medical Council.

Sec. 12. CERTIFICATE TO ISSUE: On receiving from either of said Boards of Medical Examiners such official report of the examination of any applicant for certificate for license, the Medical Council shall issue forthwith to each applicant who shall have been returned as having successfully passed the examination a certificate to that effect.

The Medical Council shall keep a record of all certificates, when and to whom issued.

Sec. 13. APPLICATIONS; FEES; EXEMPTIONS: From and after the passage of this Act any person not heretofore authorized to practice medicine and surgery in this state, and desiring to enter upon such practice, shall deliver to the secretary of the Medical Council, upon the payment of a fee of ten dollars ($10), a written application for examination, together with satisfactory proof that the applicant is more than 21 years of age, is of good moral character, has obtained a diploma from some reputable literary or scientific college, or a certificate from the faculty of Delaware College, signed by the president and attested by the secretary thereof, that he or she is qualified to enter the freshman class of the Latin scientific course of the said college, or its equivalent, as may be determined by the Medical Council, and has received a diploma conferring the degree of Doctor of Medicine, from some legally incorporated Medical College, which, in the opinion of the Medical Council, was in good standing at the time of the issuing of the said diploma.

Applicants who have received their degree in medicine after the passage of this Act must have pursued the study of medicine for at least four years, including four regular courses of lectures of not less than seven months each, in different years, prior to the granting of said degree, in some legally incorporated medical college or colleges approved by the Medical Council. Such proof shall be made upon affidavit. Upon the making of such payment and proof, the Medical Council shall issue to said applicant an order for examination before such one of the state Boards of Medical Examiners as the applicant for certificate may select. In case of failure at any such examination the candidate, after the expiration of six months and within two years, shall have the privilege of a second examination by the same board to which application was first made, without the payment of an additional fee, but if after six months and before two years from such examination said application shall be withdrawn the said ten dollars ($10) shall upon demand be returned. Provided, that applicants for license who graduated prior to July 1, A. D. 1901, and have been in continuous and reputable practice for at least five years since graduation, may be admitted to the examinations of one of said boards, upon certified and satisfactory evidence of good moral character, of three courses of medical lectures in different calendar years, and of a competent academic education according to the requirements of that time; and provided further, that applicants for license who graduated prior to July 1, A. D. 1896, and have been in continuous and reputable practice for at least ten years, may be admitted to the examination of one of said boards upon certified and satisfactory evidence of moral character, of two courses of medical lectures, in different calendar years, and of a competent academic education according to the requirements of that time.

Sec. 14. LICENSE REQUIRED; TEMPORARY LICENSE: That from and after the pasasge of this Act, it shall not be lawful for any person to practice medicine or surgery in this state without having obtained a license therefor as hereinafter provided. But a temporary license, of not less than two weeks nor more than four months, may be granted to a resident and legally qualified physician of another state to take charge of the practice of a resident and legally qualified physician of this state, during the latter's temporary illness or absence from the state, upon the written request of a physician residing in this state, and the payment to the secretary of the Medical Council of a fee of two dollars ($2) for the use of said council, and when such temporary license is so issued, the physician receiving such license shall have the right to practice medicine in the state of Delaware for the time specified in said temporary license.

Sec. 15. CLERK TO ISSUE LICENSE: The clerk of the peace of any of the counties of this state shall issue a license signed by the governor and countersigned by the secretary of state and sealed with the seal of his office, certifying that such person is authorized to practice medicine and surgery in this state, conformably to the laws thereof, to any person who shall present to him a certificate as provided in this Act, or who shall have been qualified in one of the counties of this state prior to the passage of this Act, and to no other person.

Sec. 16. CONSULTANTS FROM OTHER STATES: The provisions of this Act shall not apply to physicians who are practitioners of any other state coming into this state in consultation with any lawful practioner of medicine and surgery in this state.

Sec. 17. PENALTIES FOR VIOLATION: Any person practicing or attempting to practice medicine or surgery within this state contrary to the provisions of this Act, shall be guilty of a misdemeanor and upon conviction thereof in the court of general sessions of the peace and jail delivery of the county wherein the offense was committed, shall pay a fine of not more than five hundred dollars ($500) nor less than one hundred dollars ($100) or be imprisoned for a term of not more than one year.

Sec. 18. NOT TO APPLY TO DENTISTS: That this Act shall not in any way apply to dentists or to dental surgery.

Sec. 19. REPEAL: All other acts or parts of acts regulating the practice of medicine and surgery in this state are hereby repealed; but nothing herein contained shall in any way interfere with the operation of Chapter 117, of Volume 13, Laws of Delaware, relating to revenue.

Sec. 20. DEFINITION: For the purposes of this Act and the act to which this is an amendment, the words, practice of medicine, or surgery, shall mean to open an office for such purpose, or to announce to the public, or to any individual, in any way, a desire or willingness or readiness to treat the sick or afflicted in any county in the state of Delaware, or to investigate or diagnosticate any physical or mental ailment, or disease, of any person, or to give surgical assistance to, or to suggest, recommend, prescribe or direct for the use of any person, any drug, medicine, appliance or other agency whether material or not material, for the cure, relief or palliation of any ailment or disease of the mind or body, or for the cure or relief of any wound, fracture, or bodily injury or deformity, after having received or with the intent of receiving therefor, either directly or indirectly, any money, gift, or any other form of compensation.

It shall also be regarded as practicing medicine within the meaning of this Act if any one shall use in connection with his or her name, the words or letters, Dr., Doctor, Professor, M.D., M.B., or Healer, or any other title, word, letter or other designation which may imply or designate him or her as a practitioner of medicine, or surgery, in any of its branches; provided that nothing in this Act nor the act to which this is an amendment, shall be construed to apply to the administration of domestic or family remedies in cases of emergency, or to dentists or dental surgeons in the practice of dentistry, or to surgeons of the United States Army or Navy in the discharge of their official duties, or to prevent the mechanical application of glasses; provided, that nothing contained in this Act shall prevent opticians from preparing eyes for testing or testing eyes and fitting glasses to correct vision, or to prevent druggists practicing pharmacy according to the existing laws, or to prevent the treatment of corns or bunions or the business of manicuring or the practice of massage. The requirements of Section 1 of this amendment as to general or medical education shall not apply to students not matriculated in medical colleges, but such students shall conform, as to general and medical education, to the requirements of the statutes to which this Act is an amendment.

Sec. 21. OSTEOPATHS: Any practitioner of the system, method or science of treating diseases of the human body commonly known as osteopathy, who is a gradate of any legally chartered and regularly conducted school of osteopathy which in the opinion of the Medical Council shall be in good standing, who holds a diploma regularly issued from such school, and who has been in personal attendance as a student in such school for at least four terms of not less than five months each before graduation, and who is now located and practicing in this state, is hereby authorized to so practice, without conforming to, and notwithstanding, any provision of this Act, or the act to which this Act is an amendment, upon such practitioners of osteopathy paying to the state the state license tax prescribed by law for physicians.

That all other persons proposing to practice osteopathy in this state after the passage of this Act shall be subject to the provisions of this Act and of the act to which this Act is an amendment, provided that such future applicants to practice osteopathy in this state shall be examined by the Medical Council and some reputable practitioner of osteopathy in this state, or if there then shall be no reputable practitioner of osteopathy then residing in this state, by the Medical Council and some practitioner of osteopathy from some other state, to be designated by the Medical Council, and provided further that such future applicants to so practice shall be examined only upon such questions as shall be selected by the Medical Council and such selected associated practitioner of osteopathy in anatomy, physiology, hygiene, chemistry, histology, gynecology, surgery, urinalysis, and principles of osteopathy. Any person who is a holder of a diploma regularly issued by any legally chartered and regularly conducted school of osteopathy, who has been in personal attendance as a student in such school for at least three years for terms of not less than seven months in each year before graduation, and who shall conform to the provisions relative to general education, shall be eligible to such examination by said Medical Council, notwithstanding any of the provisions of this Act.

Upon successfully passing said examination, the applicant to practice osteopathy shall be entitled to receive and shall receive from said Medical Council an appropriate certificate entitling him to practice osteopathy in this state. The clerk of the peace of any of the counties of this state shall, upon the payment of the amount of the state license tax prescribed by law for physicians, issue a license signed by the governor and countersigned by the secretary of state and sealed with the seal of his office, certifying that such person is authorized to practice osteopathy in this state, conformably to the laws thereof, to any person who shall present to him such certificate of the Medical Council or to any practitioner of osteopathy now practicing in this state conformably to the provisions of this Act.

A Supplement to an Act Entitled "An Act Regultaing the Practice of Medicine and Surgery in This State," Passed at Dover, April 18, 1895.

Be it enacted by the senate and house of representatives of the state of Delaware, in general assembly met:

Section 1. REVOCATIONS: That the Medical Council of Delaware may refuse to issue a certificate for a license to practice medicine and surgery or may revoke a certificate issued for a license to practice medicine or surgery for the following causes, to wit: Chronic and persistent inebriety; the practice of criminal abortion; conviction of a crime involving moral turpitude or for publicly advertising special ability to treat or cure chronic incurable diseases, or where any person shall present to the said Medical Council any diploma, license or certificate that shall have been illegally obtained or that shall have been signed or issued unlawfully or under fraudulent representation; in complaints for violating the provisions of this section the accused person shall be furnished with a copy of the complaint and given a hearing before the said Medical Council in person or by attorney.

Sec. 2. RECIPROCITY: That applicants examined and licensed by, or who are or have been members of state examining and licensing boards of other states, or applicants examined and approved by the National Board of Medical Examiners, upon payment of fifty dollars ($50) to the treasurer of the Medical Council of Delaware, and on filing with the secretary of said Medical Council a copy of his or her license or certificate certified to by the affidavit of the president and secretary of such board, showing also that the standard of requirements of the said board at the time the said license or certificate was issued, was substantially the same as that required by the said Medical Council of Delaware, and of his or her affidavit as to the personality thereof, may be granted a certificate for a license to practice medicine and surgery by the said Medical Council upon the recommendation of the said boards of medical examiners without further examinations thereby.

Sec. 3. EXPENSES OF MEMBERS: That the state treasurer shall pay the sum of three hundred dollars ($300) per annum, in quarterly payments of seventy-five dollars ($75) each, to the treasurer of the Medical Council of Delaware, who shall apportion and pay the same to the members of the

said boards for their necessary expenses, and in addition five dollars ($5) per day each for each member for every meeting attended, but said per diem shall not exceed in any one year more than twenty-five dollars ($25).

Approved March 16, A. D. 1899.

KEY TO SPECIALTIES AND SPECIAL SOCIETIES

A SYMBOL DESIGNATING SPECIALTY IS ENTERED ON REQUEST WHENEVER THE PHYSICIAN IS A MEMBER (1) OF A CONSTITUENT STATE ASSOCIATION, (2) OF A SPECIAL SOCIETY OF WHICH THE MEMBERSHIP IS LISTED IN THE DIRECTORY, OR (3) IS A TEACHER IN A MEDICAL SCHOOL CLASSED "A" OR "B" IN THE RATING OF THE COUNCIL ON MEDICAL EDUCATION. SPECIALTIES ARE INDICATED AS FOLLOWS:

S—Surgery.
Ob—Obstetrics.
G—Gynecology.
ObG—Obstetrics and Gynecology.
Or—Orthopedic Surgery.
Pr—Proctology.
Oph—Ophthalmology.
LR—Laryngology, Rhinology.

I★—Internal Medicine.
T—Tuberculosis.
Anes—Anesthesia
CP—Clinical Pathology.
R—Roentgenology.
Path—Pathology.
Bact—Bacteriology.
PH★—Public Health.

WHEN THE ABBREVIATION DESIGNATING A SPECIALTY IS FOLLOWED BY AN ASTERISK (★) IT INDICATES THAT THE PHYSICIAN CLAIMS HIS PRACTICE IS LIMITED TO THAT PARTICULAR BRANCH OF MEDICINE; WTHOUT THE ASTERISK, THAT HE IS ESPECIALLY INTERESTED IN BUT DOES NOT LIMIT HIS PRACTICE TO, THAT BRANCH. THIS INFORMATION CONCERNING SPECIALTY IS BASED ON PERSONAL DATA FURNISHED BY THE PHYSICIAN AND IS NOT VERIFIABLE.

SPECIAL SOCIETIES

The special societies are grouped under headings A, B, C, D, E, F and G, pages 78-128. The membership a physician holds in these societies is indicated as follows: Doe, John; Ill.1,'97; I'98; A5, F4—43 N. State St. The A5, F4 signify that Dr. Doe is a member of the American Surgical Association and the Chicago Pathological Society.

MEDICAL PRACTICE LAW OF THE DISTRICT OF COLUMBIA

An Act

To Regulate the Practice of Medicine and Surgery, to License Physicians and Surgeons, and to Punish Persons Violating the Provisions Thereof in the District of Columbia.

Be it enacted by the senate and house of representatives of the United States of America in Congress assembled:

Section 1. CREATION OF BOARD: That there shall be, and is hereby, created a Board of Medical Supervisors of the District of Columbia, which shall consist of the presidents of the three boards of medical examiners hereinafter provided for and two persons, not physicians, one of whom shall be learned in the law, to be appointed by the commissioners of the District of Columbia, each for a period of three years, or until his successor is appointed; provided, that not more than two members of the board of supervisors shall be adherents of any one system of medical practice; and provided, further, that said commissioners may remove after due notice and hearing, any member of said board for neglect of duty or other just cause, and that in case of the death, resignation or removal of any member the vacancy for the unexpired term of said member shall be filled in the same manner as other appointments are made.

Sec. 2. ORGANIZATION: That the said Board of Medical Supervisors shall elect a president, a vice-president, and a secretary. Said board shall make, subject to the approval of the commissioners of the District of Columbia, such regulations as may be necessary to carry into effect the provisions of this Act. Said board shall hold such meetings as shall be necessary for the transaction of business. Said board shall supervise all examinations provided for in this Act, and shall issue all licenses to practice medicine and surgery or midwifery in the District of Columbia. Said board shall keep an official record of its meetings, also an official register of all applicants for examination for licenses to practice medicine and surgery in the District of Columbia. Said register shall show the name, age, place and duration of residence of each candidate, the time he or she has spent in medical study, in or out of medical schools, and the names and locations of all medical schools which have granted said applicant any degree or certificate of attendance upon lectures in medicine. Said register shall also show whether said applicant was rejected or licensed under this Act. Said register shall be prima facie evidence of all matters contained therein. The secretary aforesaid may be elected by said board from other than its own members; said secretary shall also act as treasurer, and shall give such bond as may be required by the commissioners of the District of Columbia; said secretary shall have the power to administer oaths upon such matters as pertain to the business of said board; said secretary shall mail to the address of each applicant a notice of the time and place of examination, not less than seven days before the examination, and at a longer period if requested by the applicant at the time of making application.

Sec. 3. APPLICATIONS: That from and after the passage of this Act all persons desiring to practice medicine and surgery in any of their branches in the District of Columbia shall apply to said Board of Medical Supervisors for a license to do so. Applicants shall submit to examination upon the following named branches, to wit: Anatomy, physiology, chemistry, pathology, materia medica and therapeutics, hygiene, histology, practice of medicine, surgery, obstetrics and gynecology, diseases of the eye and the ear, medical jurisprudence, and such other branches as said board shall deem advisable. Each applicant shall be certified by said board for examination as speedily as possible to the board of medical examiners whose members are adherents to the system of medicine which said applicant desires to practice; but said board shall not certify for examination any applicant until satisfactory proof is furnished that he or she is of good moral character and over 21 years of age, nor until he or she has presented a diploma conferring upon him or her the degree of doctor of medicine, issued by some medical college authorized by law to confer such degree: Provided, that said diploma, if issued prior to July 1, 1898, shall be accompanied by satisfactory evidence that said applicant has studied medicine and surgery for not less than three years prior to the issue thereof, and if issued subsequent to July 30, 1898, shall be accompanied by satisfactory evidence that the applicant has studied medicine and surgery for not less than four years prior to the issue of said diploma. All examinations shall be both theoretical and practical, and of sufficient severity to test a candidate's fitness to practice medicine and surgery.

Sec. 4. FEES: That said application for a license to practice medicine and surgery in the District of Columbia shall be made to the secretary of the said Board of Medical Supervisors upon a form prescribed by said board, and shall be accompanied by a fee of ten dollars ($10). Each application shall be in the hands of said secretary not less than two weeks before the day set for examination, and any application may be rejected for refusal to furnish any of the information called for or for other irregularity. All applications shall be kept on file by said secretary.

Sec. 5. THREE BOARDS PROVIDED FOR: That immediately after the passage of this Act the commissioners of the District of Columbia shall appoint three boards of medical examiners, one to be known as the Board of Medical Examiners of the District of Columbia and to be composed of five physicians in good standing, adherents to the regular system of medical practice; one to be known as the Board of Homeopathic Medical Examiners of the District of Columbia and to be composed of five physicians in good standing, adherents to the homeopathic system of medical practice, to be selected from a list of not less than ten names, submitted by a majority vote at some regular meeting of the Washington Homeopathic Medical Society, and one to be known as the Board of Eclectic Medical Examiners of the District of Columbia, to be composed of five physicians in good standing, adherents of the eclectic system of medical practice, to be selected from a list of not less than ten names submitted by a majority vote at some regular meeting of the Eclectic Medical Society of the District of Columbia. Of the members of each board first appointed one shall be appointed to serve one year, two to serve two years, and two to serve three years, and thereafter each member of each board shall be appointed to serve three years, or until his successor is appointed: Provided, That no member of either of said boards shall have been engaged in the practice of medicine and surgery in the District of Columbia for less than five years at the time of his appointment; and provided further that in event of the failure of the Washington Homeopathic Medical Society or of the Eclectic Medical Society of the District of Columbia, after fifteen days' notice by the commissioners of the District of Columbia, to submit the list of names aforesaid, said commissioners may appoint the members of the Board of Homeopathic Medical Examiners or of the Board of Eclectic Medical Examiners without restriction as to nomination by the society in default; and provided further, that said commissioners may at any time remove any member of either of the boards named in this Act for neglect of duty or other just cause, and that in case of the death, resignation or removal of any member the vacancy for the unexpired term of said member shall be filled in the same manner as other appointments are made.

Sec. 6. ORGANIZATION: That each member of said boards of medical examiners of the District of Columbia shall, before entering on the discharge of his duties, take an oath to administer fairly and impartially the provisions of this Act. Each board shall elect from its own members a president and secretary. Each board shall hold a meeting for examination in the city of Washington on the second Tuesday in January, April, July and October of each year, and continue so long as may be necessary to examine all applicants, and other meetings shall be held at such times as the Board of Medical Supervisors shall direct. Each of said boards shall examine, at the meeting immediately following the receipt of the proper certificates from the Board of Medical Supervisors, all applicants for licenses to practice medicine and surgery in the District of Columbia so certified.

Sec. 7. EXAMINATIONS: That the several boards of medical examiners shall, not less than one week prior to each examination, submit to the Board of Medical Supervisors of the District of Columbia questions for thorough examinations in anatomy, physiology, chemistry, pathology, materia medica and therapeutics, hygiene, histology, practice of medicine, surgery, obstetrics and gynecology, diseases of the eye and the ear, medical jurisprudence and such other branches as said Board of Medical Supervisors may direct. From the lists of questions so submitted said Board of Medical Supervisors shall select the questions for each examination, and such questions shall be the same for all candidates, except that in the departments of therapeutics, practice of medicine, and materia medica, the questions shall be in harmony with the system of medicine selected by the candidate. Said examinations shall be conducted orally and in writing, in accordance with the rules and regulations prescribed by the Board of Medical Supervisors, and shall embrace the subjects as stated in Section 3 of this Act. An official report of the result of each examination, signed by the president and the secretary and each acting member of the Board of Medical Examiners conducting such examination, stating the average attained by each candidate in each branch, the general average, and the result of the examination,

whether successful or unsuccessful, shall be transmitted to the Board of Medical Supervisors within fifteen days from the date of such examination. Said reports shall embrace all the examination papers, questions and answers thereto. All such examination papers shall be kept for reference and inspection for a period of not less than five years.

Sec. 8. LICENSE: That if in the opinion of a majority of the Board of Medical Supervisors, after a careful examination of the report of the Board of Medical Examiners by which any applicant was examined, said applicant has fairly and successfully passed such examination as hereinbefore provided for, the Board of Medical Supervisors of the District of Columbia shall, as soon thereafter as possible, issue to him a license signed by the president and the secretary of said board, and attested by the seal of the District of Columbia, which license shall entitle said applicant, after it is registered as hereinafter provided to practice medicine and surgery in the District of Columbia. All licenses, issued by said board shall be numbered consecutively, and a register shall be kept by the secretary showing the number of each issue, date of issue and to whom issued.

Sec. 8a. LICENSE WITHOUT EXAMINATION: That the Board of Medical Supervisors of the District of Columbia be, and is hereby, authorized and directed to license to practice medicine and surgery in said district, without examination, any applicant for such license who has been engaged in the practice of medicine and surgery in any other jurisdiction, whether a state, territory or insular possession of the United States, or a foreign country, subject to the following conditions:

"(a) No applicant shall be licensed who is not of good moral character and free from mental defects and drug habits liable to interfere with the proper practice of medicine and surgery.

"(b) Nor who, at the time of making application, and for not less than two years prior to the date thereof, has not been lawfully authorized to practice medicine and surgery, and actually engaged in such practice in the jurisdiction wherein he resides;

"(c) Nor unless the applicant acquired the right to practice medicine and surgery in such jurisdiction under conditions equivalent to those with which he would have had to comply in order then to have practiced medicine and surgery in the District of Columbia;

"(d) Nor unless the jurisdiction, by virtue of whose license the applicant seeks exemption from examination in the District of Columbia, grants to licentiates of the Board of Medical Supervisors of said district privileges equivalent to those which the applicants seek;

"(e) Nor until the applicant has paid to the Board of Medical Supervisors aforesaid such fee as may be fixed and required by the regulations of said board, but not more than the fee charged under similar circumstances by the jurisdiction by virtue of whose license the applicant seeks exemption from examination.

"And said Board of Medical Supervisors is further authorized and directed to issue in favor of its licentiates such certificates, if any, as may be necessary to enable such licentiate, without examination, to obtain licenses to practice medicine and surgery in other jurisdictions, and to collect for the issue of such certificates such fees as may be necessary to defray the cost of issuing the same and to use such fees for that purpose.

"And said Board of Medical Supervisors is further authorized to determine all matters of fact required to be determined in the execution of the provisions of this section."

Sec. 9. MIDWIFERY: That the Board of Medical Supervisors of the District of Columbia shall make, subject to the approval of the commissioners of said district, such regulations as may be necessary to determine the qualifications of women desiring hereafter to commence the practice of midwifery in the District of Columbia, and shall issue licenses to such as are, after examination, found qualified; but no fee shall be charged for the examination of any applicant for such licenses, and no applicant who has been rejected shall be reexamined within one year from such rejection; provided, that a license shall be issued upon application, free of cost and without examination, to each midwife registered at the health office of the District of Columbia at the time of the passage of this Act.

Sec. 10. REVOKING LICENSES: That the Board of Medical Supervisors of the District of Columbia may, by a vote of four members, refuse to grant or may revoke a license, and may cause the name of any person to be removed from the record of the supreme court of the District of Columbia and from the register of the health office for any of the following causes, to wit: The employment of fraud or deception in passing the examinations provided for in this Act, chronic inebriety, the practice of criminal abortion, conviction of crime involving moral turpitude, or of unprofessional or dishonorable conduct. In complaints under this section the accused shall be furnished with a copy of the complaint and given a hearing before said board in person or by attorney, and witnesses may be heard for and on behalf of the accused, and for and on behalf of the said board. Appeal from the decisions of said board may be taken to the court of appeals of the District of Columbia, and the decision of said court shall be final. Said board may at any time within two years from the refusal or revocation of a license or the cancellation of registration under this section, by a vote of four members, issue, without examination, a new license to the person so affected, restoring to him or her all the rights and privileges of which he or she had been deprived by said board.

Sec. 11. RECORDING LICENSE: That any person receiving a license as hereinbefore provided shall have it recorded in the office of the clerk of the supreme court of the District of Columbia within three months from the date of said license, and the place and date of record shall be certified thereon by said clerk; and the holder of the license shall pay to the clerk of said court a fee of 50 cents for making the record. The holder of said license shall, after the same has been recorded, exhibit the same at the health office, and shall register, in a book provided for that purpose, his or her name and address. Whenever a license is revoked by said Board of Medical Supervisors the secretary thereof shall report that fact in writing to the clerk of said court and to the health officer of the District of Columbia, who shall thereupon cancel such registration.

Sec. 12. EXEMPTIONS: That this Act shall not apply to commissioned surgeons of the United States Army, Navy or Public Health Service, nor to regularly licensed physicians and surgeons in actual consultation from other states or territories, nor to regularly licensed physicians and surgeons actually called from other states or territories to attend specified cases in the District of Columbia, nor to the treatment of any case of actual emergency, nor to the practice of massage or the so-called Swedish movement cure, nor to the use of ordinary domestic remedies without fee, gift or consideration of any kind.

Sec. 13. PENALTIES: That from and after the passage of this Act any person practicing medicine and surgery or midwifery in the District of Columbia, or who shall publicly profess to do so, without first having obtained from the Board of Medical Supervisors of the District of Columbia a license and registered the same as herein provided, or in violation of any of the provisions of this Act or any of the rules and regulations made by authority conferred herein, or after his license or registration has been canceled by order of said Board of Medical Supervisors of the District of Columbia, shall be deemed guilty of a misdemeanor, and, upon conviction thereof, shall be punished for each offense by a fine of not less than fifty dollars ($50) nor more than five hundred dollars ($500), or by imprisonment in the district jail for a period of not less than ten (10) days nor more than ninety (90) days, or by both such fine and imprisonment. It shall be the duty of the United States district attorney for the District of Columbia to prosecute all violations of the provisions of this Act.

Sec. 14. EXPENSES OF TESTIMONY AND EXAMINATIONS: That the secretary of the Board of Medical Supervisors shall be paid for taking testimony the same fee that is allowed an examiner in chancery for the same service. The expenses of said board and of the examinations shall be paid from the license fees herein provided for; and if any surplus remain on the 30th day of June of each year the members of the Board of Medical Supervisors appointed as such shall be paid such reasonable compensation as the commissioners of the District of Columbia may determine, and any balance then remaining shall be divided among the three boards of medical examiners in proportion to the number of candidates examined, each member of each Board of Medical Examiners to receive such part of the entire amount paid as that board itself shall determine.

Sec. 15. DENTISTRY: That nothing in this Act shall be construed to conflict with an Act for the Regulation of the Practice of Dentistry in the District of Columbia, approved June 6, 1892, nor to interfere with graduates of standard dental colleges, registered under the provisions of said act, in the exercise of their profession to the extent and within the limit of the curriculum of such standard dental colleges.

Sec. 16. REPEAL: That all acts or parts of acts, general or special, not in accordance with the provisions of this Act be, and are hereby, repealed.

Approved June 3, 1896.

MEDICAL PRACTICE LAW OF FLORIDA

Law Effective May 31, 1889, and Sections 801, 802, 805 and 810 as Amended by the Legislature of 1905 and Approved by the Governor May 15, 1905.

Be it enacted by the Legislature of the State of Florida:

801. APPOINTMENT OF MEDICAL EXAMINERS: The governor shall appoint a State Board of Medical Examiners and also a State Board of Homeopathic Medical Examiners.

Sec. 2. QUALIFICATIONS OF EXAMINERS; ORGANIZATION: That Section 802 of the revised statutes of the state of Florida be amended so as to read as follows:

802. QUALIFICATION OF EXAMINERS: The State Board of Medical Examiners shall be composed of seven regular practicing physicians, who have been duly licensed to practice in this state; no two members shall be residents of the same judicial circuit. The Board of Homeopathic Examiners shall be composed of three practicing homeopathic physicians who are graduates in good standing of some medical college recognized by the American Institute of Homeopathy.

803. TERMS OF OFFICE: The appointment of each member of each of said boards shall continue for four years from the date of such appointment. Whenever a vacancy shall occur on any of said boards, the same shall be filled by the governor for the unexpired term.

804. TO ELECT PRESIDENT AND SECRETARY AND MAKE RULES. Every Board shal elect one of their number president and one secretary, and shall adopt all necessary rules for the guidance and control of their meetings.

Sec. 3. That Section 805 of the revised statutes of the state of Florida be amended so as to read as follows:

805. REGULAR MEETINGS: Each board shall meet regularly semi-annually at some central and convenient point in the state to conduct examinations and grant licenses, as herein provided, and they shall give at least one month's public notice of their meeting by publication once a week in a newspaper of general circulation throughout the state.

806. EXAMINATION: It shall be the duty of said board of examiners to examine thoroughly every applicant for certificate of qualification to practice medicine in any of its branches or departments on the production of his medical diploma from a recognized college on the following named subjects: Anatomy, physiology, surgery, gynecology, therapeutics, obstetrics and chemistry, but no preference shall be given to any school of medicine; provided that it shall be the duty of the Board of Homeopathic Medical Examiners to examine thoroughly every applicant for certificate of qualification to practice medicine in any of its branches or departments on the production of his diploma from a college recognized by the American Institute of Homeopathy on the following subjects: Anatomy, physiology, surgery, gynecology, materia medica, therapeutics, obstetrics and chemistry, and no preference shall be given to any school of medicine. (As amended by Chapter 4419, Acts of 1895.)

807. When the board shall be satisfied as to the qualifications of an applicant, they shall grant to him a certificate to that effect, which certificate shall entitle the person to whom granted to practice medicine in any county when the same shall have been recorded, as required by Section 809.

808. TWO MAY GRANT CERTIFICATES; TEMPORARY CERTIFICATES: Any two members of said board may grant a certificate of qualification to an applicant, and any member of said board shall have authority to grant a temporary certificate to an applicant, on examination, until the next regular meeting of the board, at which time the temporary certificate shall cease to be in force.

809. RECORD OF CERTIFICATE: The certificate provided for in the two preceding sections shall, before the person to whom it is granted shall be entitled to practice by virtue thereof, be recorded in the office of the clerk of the circuit court in the county in which such practitioner may reside or sojourn, in a well-bound book to be kept by the clerk for that purpose, and when so recorded the clerk shall certify thereon, under his official seal, the fact and date of such record. and shall return such certificate to the person to whom the same was granted, and shall be entitled for such service to collect from the holder of such certificate the legal fee for recording.

Sec. 4. That Section 810 of the revised statues of the state of Florida be amended so as to read as follows:

810. EXAMINATION FEE: The board shall be entitled to demand and receive from each applicant examined the sum of fifteen dollars ($15), whether a certificate be granted to such applcant or not.

811. CERTIFICATES TO FORMER PRACTITIONERS: All practitioners who have been engaged in the practice of medicine, in any of its departments, in this State, prior to May 31, 1889, shall, on the production of a diploma from a medical college recognized by the American Medical Association, be granted by the board of examiners a certificate of qualification without further examination and without charge.

812. PROVISIONS NOT TO APPLY TO CERTAIN PERSONS: The provisions of this chapter shall not apply to persons who have heretofore received certificates of qualification and have recorded the same as provided by the laws of the state heretofore existing, nor to females who follow the practice of midwifery strictly as such. No person, except those described in this section, shall be permitted to practice medicine in any of its branches or departments without first having obtained and recorded a certificate of qualification from some authorized board of medical examiners as hereinbefore provided.

1157. ECLECTIC BOARD: The governor shall appoint a Board of Eclectic Medical Examiners for the state at large; said board shall be composed of three practicing eclectic physicians of known ability, who shall be graduates of a college of the eclectic school of medicine.

1158. EXAMINATION OF APPLICANTS: The said Board of Eclectic Medical Examiners shall be authorized to examine all applicants, who shall present a certificate of graduation (showing that such applicant has taken not less than a two years course), from some college of the eclectic school of medicine and shall not have authority to examine any applicant from any other school of medicine.

1159. DUTY OF BOARD: The duties of the Eclectic Board of Medical Examiners as to organization, time and place of meeting and in all other respects, except as stated in this Chapter, shall be the same as the powers conferred by law on the Board of Homeopathic Medical Examiners: Provided, That said board may meet in any city in this state.

UNIVERSITY OF GEORGIA

MEDICAL DEPARTMENT
AUGUSTA, GEORGIA

ENTRANCE REQUIREMENTS: The successful completion of at least two years of work including English, Physics, Chemistry, and Biology in an approved college. This in addition to four years of high school.

INSTRUCTION: The course of instruction occupies four years, beginning the second week in September and ending the first week in June. The first two years are devoted to the fundamental sciences, and the third and fourth to practical clinic instruction in medicine and surgery. All the organized medical and surgical charities of the city of Augusta and Richmond County, including the hospitals, are under the entire control of the Board of Trustees of the University. This arrangement affords a large number and variety of patients which are used in the clinical teaching. Especial emphasis is laid upon practical work both in the laboratory and clinical departments.

TUITION: To the residents of the State of Georgia tuition is free, to others the tuition is $150.00.

GEORGIA MEDICAL PRACTICE ACT, AS AMENDED, 1918

An Act

To repeal Article 2 of Chapter 9 of the Twelfth Title of the Political Code of Georgia of 1910, consisting of Code Sections 1687 to 1697, inclusive, to abolish the present State Board of Medical Examiners and to establish a composite Board of Medical Examiners for the State of Georgia; define its duties and powers; to protect the people from illegal and unqualified practitioners of medicine and surgery; to define the standing of a medical college; to provide for the examination of applicants to practice medicine, prescribe their qualifications, and regulate the issuing and recording of licenses; to define what is considered the practice of medicine; to fix fee for license; to provide for the revocation of license; to prescribe the grounds upon which a license may be refused or revoked, and authorize a hearing by the board for such purpose; to provide the right of appeal from the action of said board in refusing to grant or for revoking a license; to prescribe the power of the board to call, hold and render judgment at such hearing; to vest said board with authority to cite the applicant or licentiate to answer at such hearing; to authorize said board to summon witnesses, administer oaths and take testimony at such hearing; to provide for the payment of cost by such applicant or licentiate, and fix the amount thereof incident to such hearing; entering judgment therefor and issuing execution thereon; to provide for the cancellation of the record of a license by the clerk of the Superior Court when such license is revoked; to provide for the issuing of a new license to the person affected; to fix fee for the grant of a new license; to require a standard of preliminary education of applicants; to prescribe the penalties for the violation of this Act, and for other purposes.

Sec. 1. CIVIL CODE SECTIONS, 1687-1697 REPEALED: Be it enacted by the General Assembly of the State of Georgia, That from and after the passage of this Act, that Article 2 of Chapter 9 of the Twelfth Title of the Political Code of Georgia of 1910, consisting of Code Sections 1687 to 1697, inclusive, creating three separate boards of medical examiners and defining their powers and duties, prescribing the qualifications of the members thereof, their terms and oath of office; the officers and meetings of said boards; the proceedings and government thereof; who may be examined by them, and the rules and regulations governing said boards in the examination of applicants for the practice of medicine or surgery; the indorsement of licenses issued by other State Boards; the granting of licenses to physicians in regular standing who graduated before the Act creating said boards; the use of funds raised from fees; the recording of certificates issued by said boards for the practice of medicine or surgery; when said Act set forth in said Article 2 shall take effect; to whom the same is applicable; what persons shall be regarded as practicing medicine or surgery within the meaning thereof; and the penalty for violating the provisions of said article, be and the same is, and each section thereof from 1687 to 1697, inclusive, hereby repealed.

Sec. 2. BOARD OF MEDICAL EXAMINERS: Be it further enacted, That a board is hereby established to be known by the name and style of the State Board of Medical Examiners, said board shall be composed of ten practicing physicians of integrity and ability, who shall be residents of and have been duly licensed to practice medicine in this State, and who shall have graduated from reputable medical schools and have been engaged in the active practice of their profession within this State for at least a period of five years, but none of them shall be connected in any way with any medical college. Said board shall perform such duties and possess and exercise such powers relative to the protection of the public health, and the control and regulation of the practice of medicine in the State as shall be in this Act prescribed and conferred upon it.

Sec. 3. APPOINTMENT OF BOARD MEMBERS: Be it further enacted, That the Governor shall within thirty days after the passage of this Act, appoint ten physicians, who shall possess the qualifications specified in Section 1 of this Act, to constitute the members of this board, five members of this board shall be regular physicians, three shall be eclectic physicians and two shall be homeopathic physicians, all to be appointed by the Governor. The successor of each member shall be an appointee in the same manner; said members shall be so classified by the Governor that the term of office of two shall expire in one, three in two, two in three and three in four years from the date of appointment. And subsequently each successor shall be appointed by the Governor and serve for a term of four years from the time of the expiration of the term of his predecessor; and these appointments shall be made so as to preserve the original ratio of regular, eclectics and homeopaths, respectively. The Governor shall have power to remove from office any member of the board for neglect of duty required by this Act, for incompetency or for unprofessional conduct. Any vacancy that may occur in said board in consequence of death, resignation, removal from the State, or from other cause, shall be filled for the unexpired term by the Governor in the same manner. A majority of the board shall constitute a quorum.

Sec. 4. OATH OF OFFICE: Be it further enacted, that immediately and before entering upon the duties of said office, the members of said board shall take the constitutional oath of office, and shall file the same in the office of the Governor of the State, who, upon receiving said oath of office, shall issue to each member a certificate of appointment.

Sec. 5. ORGANIZATION, MEETINGS, RULES, ETC.: Be it further enacted, That immediately after the appointment and qualification of said members said board shall meet and organize. Said board shall elect president, a vice-president and a secretary-treasurer from its membership, whose salaries shall be fixed and paid by the board. All expenses of the board shall be paid out of funds collected by the board, the remainder to be divided equally among the members of the board. Said board shall hold two regular meetings in each year. One meeting shall be held in May or June, at such time as suits the convenience of graduates of medical colleges in Atlanta and Augusta; the other meeting shall be held on the second Tuesday in October in the State capitol. Call meetings may be held at the discretion of the president. The regular meetings shall be held at the capitol building in Atlanta, and in August. Said board shall adopt a seal, which must be affixed to all licenses issued by it. The board shall, from time to time, adopt such rules and regulations as it may deem necessary for the performance of its duties, and shall examine and pass upon the qualifications of applicants for the practice of medicine in this State, as herein prescribed.

Sec. 6. LICENSE REQUIRED: Be it further enacted, That any person wishing to obtain the right to practice medicine in this State, who has not heretofore been registered or licensed so to do, shall, before it shall be lawful for him to practice medicine in this State, make application to the board through the secretary-treasurer thereof, upon such form and in such manner as shall be adopted and prescribed by the board, and obtain from the board a license so to do. Unless such person shall have obtained a license as aforesaid, it shall be unlawful for him to practice in this State, and if he shall practice medicine in this State without first having obtained such a license, he shall be deemed to have violated the provisions of this Act. All applicants for a license which has been revoked shall furnish the board with evidence of good moral character. Applications from candidates to practice medicine or surgery in any of the branches shall be accompanied with proof that the applicant is a graduate of a legally incorporated medical college or institution in good standing with the board; the board shall have the power to revoke the certificate granted to any applicant who makes any misstatement of any material fact in his application for examination.

Sec. 7. RECORD OF CERTIFICATE: Be it further enacted, That before any person who obtains a certificate from said board may lawfully practice medicine and surgery in this State, he shall cause the said certificate to be recorded in the office of the clerk of the Superior Court of the county in which he resides. The certificate shall be recorded by the clerk in a book kept for that purpose. It shall be indexed in the name of the person to whom the certificate is granted. The clerk's fee for recording the certificates shall be the same as for recording a deed. The clerk shall make a report to the secretary of the board on the 31st of December of each year of all certificates registered with him. Each applicant receiving a certificate from the board shall cause the same to be registered within thirty days.

Sec. 8. MEDICAL COLLEGES IN GOOD STANDING DEFINED: Be it further enacted, That said board shall be empowered by this Act to pass upon the good standing and reputability of any medical college. Only such medical colleges will be considered in good standing as possess a full and complete faculty for the teaching of medicine, surgery and obstetrics in all their branches, afford their students adequate clinical and hospital facilities, require attendance upon at least 80 per cent. of each course of instruction, give four graded courses of instruction, the aggregate of which amounts to at least 120 weeks, exclusive of holidays of at least forty hours each week; that require at least forty-two months to have elapsed between the beginning of the student's first course of medical lectures and the date of his graduation, each session composed of twenty-nine weeks of actual instruction, with at least forty per cent. of laboratory instruction in the first and second years and a minimum of thirty-five per cent. of clinical work in the third and fourth years; that requires an aver-

age grade in each course of instruction of at least seventy-five per cent. in examination as a condition of graduation; that fulfill all their published promises, requirements and other claims respecting advantages to their students and the course of instruction; that enact a preliminary educational requirement equal to that specified by this Act; that require students to furnish testimonials of good moral standing; and that give advanced standing only on cards from accredited medical colleges. Students must have attended at least eighty per cent. of the course in the last year of the college from which diploma is presented. In determining the reputability of the medical college, the right to investigate and make a personal inspection of the same is hereby authorized.

Sec. 9. EDUCATIONAL REQUIREMENTS: Be it further enacted, That beginning with the session of 1919-20, each medical school or college in good standing with the board shall have a minimum preliminary educational requirement of the completion of a two-year pre-medical college course based upon the completion of a four-year course of at least 15 units in a standard accredited high school, or have the equivalent as demonstrated by examination. The pre-medical college course shall consist of at least 60 semester hours of standard college work in an approved college, of which at least 28 semester hours are in chemistry, physics and biological sciences; of this 28 hours there must be at least 12 hours of chemistry, 8 of physics, and 8 of biology, including at least ten hours of laboratory work. Evidence of such preliminary education which will entitle the applicant to admission to a Georgia medical school shall be a certificate furnished by the professor of secondary education in the State University on the basis of the rating of the high schools and colleges of this State, or other States by the accrediting authorities of said States, or by examinations conducted by him or by some person designated by him. A fee of $2.00 shall accompany each application for a certificate and a like amount shall be paid by the applicant for each separate subject on which he is examined. Said official shall also pass upon the pre-medical education of all applicants for examination to practice medicine in this State and certify equal standards for these as for Georgia students to the board before the applicant is eligible for examination. He shall make an annual report to the board of the work of his office.

Sec. 10. TEMPORARY LICENSE: Be it further enacted, That in the discretion of the secretary-treasurer of said board, with the approval of the president, he may issue temporary license to an applicant which shall have the same force and effect of a permanent license until the next regular meeting of the board, when said license shall become void. Said license shall not be recorded.

Sec. 11. EXAMINATION OF APPLICANTS: Be it further enacted, That examination of applicants for license to practice medicine shall be made by said board according to the methods deemed by it to be the most practical and expeditious to test the applicant's qualifications. The board shall require the examination to be wholly or in part in writing, each applicant shall be designated by a number instead of his name, so that his identity shall not be disclosed to the members of the board until after the examination papers are graded. Examination shall be on the following subjects: Anatomy, physiology, pathology and diagnosis, practice of medicine, materia medica and therapeutics.

Sec. 12 FEES: Be it further enacted. That there shall be paid to the secretary-treasurer of said board by each applicant for a license by examination, a fee of twenty dollars, which shall accompany the application. The same fee shall be charged for issuing a temporary license, which includes fee for examination for permanent license: and a fee of fifty dollars shall be charged for issuing a license by reciprocity. The board of examiners may grant a license without examination to licentiates of boards from other states requiring equal or higher qualifications upon the same basis as such States reciprocate with the State of Georgia. Said board may grant a license without examination to any licentiates of the National Board of Medical Examiners of the United States upon the reciprocity fee by such licentiate. No part of any fee is returnable under any circumstances; nor shall this Act be construed as affecting or changing in any way laws in reference to license tax to be paid by physicians and surgeons.

Sec. 13. TESTIMONY; ISSUE OF LICENSE: Be it further enacted, That said board shall have authority to administer oaths, to summon witnesses and take testimony in all matters relating to its duties. Said board shall issue license to practice medicine to all persons who shall furnish satisfactory evidence of attainments and qualifications under the provisions of this Act and the rules and regulations under the provisions of this Act, and the rules and regulations of the board. Such license shall be signed by the president and attested by the secretary-treasurer of the board under its adopted seal, and it shall give absolute authority to the person to whom it is issued to practice medicine in this State. It shall be the duty of the secretary-treasurer under the direction of the board, personally or by deputy, to aid the solicitors of the State in the enforcement of this Act and in the prosecution of all persons charged with violation of its provisions.

Sec. 14 REFUSAL AND REVOCATION OF LICENSE: Be it further enacted, That said board may refuse to grant a license to practice medicine in this State, or may cause a licentiate's name to be removed from the records in the office of any clerk of court in this State, on the following grounds, to-wit: The employment of fraud or deception in applying for license or in passing the examination provided for in this Act; conviction of crime involving moral turpitude; conviction for the violation of any penal provision of the "Opium Act of 1914," or "Harrison Act," also called the "Harrison Narcotic Law;" the practice of medicine under a false or assumed name or the impersonation of another practitioner of a like or different name; habitual intemperance in the use of ardent spirits, narcotics, or stimulants to such an extent as to incapacitate him for the performance of professional duties; the procuring or aiding or abetting in procuring a criminal abortion; the obtaining of a fee on representation that a manifestly incurable disease can be permanently cured; causing the publication and circulation of an advertisement of any medicine by means whereby the monthly periods of women can be regulated, or the menses, if suppressed, can be re-established; causing the publication and circulation of an advertisement relative to any disease of the sexual organs; said board may upon satisfactory proof made that any applicant or licentiate has been guilty of any of the offenses above enumerated refuse to grant a license to said applicant or may revoke the license of said licentiate upon a majority vote of said board. There may be an appeal from the judgment of said board by the party who is refused a license by the board, or whose license is revoked, as the case may be, if dissatisfied with the judgment, to a jury in the Superior Court of the county of the residence of such dissatisfied party, said appeal to be had as in other cases now provided by law. The party whosce license is revoked or refused shall be liable for cost as follows: Preparing copies of notice, $2.00; procuring service of said notice, $2.00; each subpoena for witness or for the production of any book, writing or document, 15c; transmitting appeal, $2.00; procuring cancellation of revoked license, 25c. Said board is empowered to enter up judgment for such cost as may accrue under the provisions of this Act against the party liable therefor, as herein provided, and issue execution thereon, which shall bear test in the name of the president of said board and be signed by its secretary-treasurer. In all cases wherein a license has been revoked and no appeal has been entered within the time allowed by law, it shall be the duty of the secretary-treasurer of said board, immediately after the expiration of the time allowed for appeal to transmit to the clerk of the Superior Court, in whose office the revoked license is recorded, a copy of the order of said board revoking said license, certified by said secretary-treasurer with a fee of 25c, and it shall be the duty of said clerk to cancel the record of said license by entering upon the face thereof a copy of said certified order.

CANCELLATION OF LICENSE: In a case wherein special proceedings are had and not sustained, the revoked license shall be cancelled in the manner above provided, immediately after the final termination of such case

APPEAL: The appeal herein provided for shall be had upon the payment of cost or the making of the affidavit in lieu thereof, as provided by law in other cases.

NOTICE AND HEARING: Upon the preferment before said board of either of said charges above enumerated against any licentiate or applicant for license it shall be the duty of said board to cause written notices of the time and place of hearing upon said charge, together with a copy of the charge preferred, to be served upon such licentiate or applicant twenty days before hearing.

SERVICE: Said board shall prepare two copies of said written notice and attach to each of said notices a copy of the charge preferred, and cause the same to be delivered to the sheriff or his deputy of the county of the residence of the licentiate or applicant against whom charge has been preferred, together with two dollars as a fee for service, who shall within ten days deliver to such licentiate or applicant personally or leave at the most notorious place of abode of such party, one of said notices, with copy of charge attached, and then return the other notice with copy charge attached thereto to said board, together with said officer's entry of service thereon.

DEFENSE: Said licentiate or applicant shall have the privilege to make defense at said hearing, either in person or by attorney, and on application to said board he shall be furnished, by said board, with a subpoena for any witness in his behalf, or for the production of any book, writing, paper or document to be used in his behalf on said hearing.

EVIDENCE: Said board shall have the power to compel the attendance of any witness or the production of any book, writing or other document in the possession, custody or control of any witness or other person, at such hearing of said board, and any witness or person refusing to produce any book, writing or other document, or to appear or testify, without legal excuse, at such hearing of said board, after having been served with a subpoena issued by said board requiring such witness to appear, produce any book, writing or other document, or testify at such hearing, shall be guilty of contempt, and upon certification of such act by said board to the judge of the Superior Court in whose jurisdiction said hearing is held or to be held, the judge shall punish the same as though committed before him.

FAILURE TO APPEAR: No license of any applicant shall be refused nor license of any licentiate revoked on account of the default or failure of the applicant or licentiate to appear, but in case of default said board may proceed with the hearing and upon satisfactory proof made of the truth of the charge preferred, refuse a license to the defaulting applicant or revoke the license of such defaulting licentiate regardless of the absence at said hearing of such applicant or licentiate.

However, at any time after six months from the final termination of the proceeding, refusing or revoking a license, said board may, by a majority vote, issue a new license or grant a license to the person affected, restoring and conferring all the rights and privileges of and pertaining to the practice of medicine as defined and regulated by this Act. Any person to whom such rights and privileges have been so restored shall pay to the secretary-treasurer a fee of twenty dollars on the issuance of a new license.

Sec. 15. WORDS DEFINED: Be it further enacted, That the terms "practice of medicine," "to practice medicine," "practicing medicine," and "practice medicine," as used in this Act are hereby defined to mean holding one's self out to the public as being engaged within this State in the diagnosis or treatment of disease, defects or injuries of human beings, or the suggestion, recommendation or prescribing of any form of treatment for the intended palliation, relief or cure of any physical, mental or functional ailment or defect of any person with the intention of receiving therefor, either directly or indirectly, any fee, gift or compensation whatsoever, or the maintenance of an office for the reception, examination and treatment of any person suffering from disease, defect or injury of body or mind, or attaching the title M.D., Oph., D., Dop., Surgeon, Doctor, either alone or in connection with other words, or any other words or abbreviations to his name, are indicative that such person is engaged in the treatment or diagnosis of disease, defects or injuries of human beings. If any person shall hold himself out to the public as being engaged within this state in the diagnosis or treatment of disease or injuries of human beings, or shall suggest, recommend or prescribe any form of treatment for the palliation, relief or cure of any physical or mental ailment of any person with the intention of receiving therefor, either directly or indirectly, any fee, gift or compensation whatsoever, or shall maintain an office for the reception, examination or treatment of diseased or injured human beings, or shall attach the title M.D., Oph., D., Dop., Surgeon, Doctor, either alone or in connection with other words, or any other word or abbreviation to his name indicative that he is engaged within this State in the treatment of diseased, defective or injured human beings, and shall not in any of these cases then possess in full force and virtue a valid license to practice medicine under the laws of this State, he shall be deemed to be practicing medicine without complying with the provision of this Act, and in violation thereof. Nothing in this Act shall be construed to prohibit gratuitous service in the cases of emergency, nor the practice of the religious tenets or general beliefs of any church whatsoever; nor to osteopaths not prescribing medicines or administering drugs, nor to permanently located opticians at their established places of business not prescribing or using drugs or medicines, nor requiring a fee for examination or attaching to their names titles indicative that any such person is engaged in the practice of medicine as defined in this Act, nor shall it apply to commissioned surgeons of the United States army, navy or public health service while so engaged, nor to regularly licensed physicians called in consultation from other states or territories to attend to special cases in this State, nor to the practice of dentistry, nor to midwives or nurses.

Sec. 16. Be it further enacted, That any person guilty of practicing medicine in this State without complying with the provisions of this Act, or any person who shall violate the provisions of this Act, shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be punished as for a misdemeanor according to Section 1065 of the Penal Code of Georgia, Volume II. Any person presenting or attempting to file as his own the diploma or certificate or credentials of another, or who shall give false or forged evidence of any kind to the board or any member thereof in connection with an application for a license to practice medicine, or shall practice medicine under a false or assumed name, or shall falsely impersonate another practitioner of a like or different name, shall be deemed guilty of a felony, and upon conviction thereof shall be punished by a fine of not less than $500.00 or more than $1,000.00, or by a term of from two to five years in the penitentiary of this State, subject to the provisions of Section 1062 of the Penal Code of Georgia.

Sec. 17. Be it further enacted, That all laws and parts of laws in conflict with this Act be and the same are hereby repealed.

Approved August 20, 1918.

PHYSICIANS OF GEORGIA

EXPLANATORY NOTE.—The present Medical Practice Act of Georgia went into force Aug. 18, 1913, repealing the law of Jan. 1, 1895. Previous to 1895 a system of county registration prevailed. The records of the former Boards of Medical Examiners show only the names of physicians licensed since that date. As it is not possible to verify statements regarding the legal qualifications of physicians who began practice in Georgia prior to Jan. 1, 1895, the names of all practicing physicians have been entered. Only those followed by date of license since Jan. 1, 1895, however, have been reported to the licensing boards. Dates of licenses issued prior to 1895 entered in the following pages have been verified by clerks of the various county courts.

A Wealth of Therapeutics in Small Compass

HANDBOOK *of* THERAPY

By Oliver T. Osborne, M.D., and Morris Fishbein, M.D.

THIS book has enjoyed a splendid popularity. Its first five editions had a total distribution of 40,448 copies.

Like its predecessors, the sixth edition gives in simple, readable style the modern, recognized methods, remedies and technic for treatment of all diseases commonly encountered. Many articles have been entirely rewritten. New ones — notably on botulism, wood alcohol poisoning, the nervous child, anaphylaxis—have been added. Throughout the book, revisions have been made to accord with present-day knowledge of drug actions and of the etiology and pathology of diseases. It brings therapy down to date.

From cover to cover, the dominant theme of this book is **"WHAT TO DO AND HOW TO DO IT."** Practically every suggestion can be be directly adapted to the needs of every-day practice.

IDAHO MEDICAL PRACTICE LAW

An Act

In Relation to the Civil Administration of the State; Vitalizing Article IV, Section 5, of the Constitution of the State by Conferring Upon the Governor the Power and Responsibility of Conducting the Principal Departments of the State Government Heretofore Created by Legislative Enactments (Other Than Elective Constitutional Offices and the Departments of: . . . Education); Creating the Departments of (1) Agriculture, (2) Commerce, and Industry. (3) Finance, (4) Immigration, Labor and Statistics, (5) Law Enforcement.

SYNOPSIS OF MEDICAL PRACTICE ACT OF IDAHO

Examiners appointed by Commissioner of Law Enforcement, Chapter 8, Session Laws of Idaho, 1919, Section 32.

MEDICAL EXAMINERS. The Commissioner of Law Enforcement shall appoint six persons, all of whom shall be graduates of reputable medical colleges or universities and reputable physicians licensed to practice medicine and surgery in this State, a majority of whom shall not be representative of any one school of medicine and among whom three schools of medicine shall be represented.

Regulations. Reciprocity. See. 1342, Compiled Laws of Idaho, 1918; Chapter 8, Session Laws of Idaho, 1919. Where the word "board" appears substitute "Commissioner of Law Enforcement."

BOARD TO PRESCRIBE REGULATIONS: LICENSING OF PHYSICANS LICENSED ELSEWHERE: Said board shall have the authority to prescribe and establish all needful rules, regulations and by-laws not inconsistent with the laws of this State or the United States to carry into effect the provisions of this chapter, and said board may, either with or without examination, grant a license to any physician licensed to practice by a similar board of any other state and who holds a certificate of registration showing that an examination has been made by the proper board of any state in which an average grade of not less than 80 per cent. was awarded to the holder thereof, the said applicant and holder of such certificate having been at the time of said examination the legal possessor of a diploma from a medical college in good standing in any such state which said diploma may be accepted in lieu of an examination as evidence of qualification. In case the scope of said examination was less than prescribed by this state, the applicant may be required to submit to an examination in such subjects as have not been covered.

Qualification and examination of applicants. Sec. 1346, Compiled Laws of Idaho, 1918, Chapter 8, Session Laws of Idaho, 1919. Substitute for "Board" or "Board of Medical Examiners" the words "Commissioner of Law Enforcement."

EXAMINATION OF APPLICANTS. Every person, except as hereinafter provided, desiring to commence the practice of medicine and surgery, or either of them, within the State shall, immediately and prior to commencing the same, make a written application to the State Medical Examining Board, upon suitably prepared blanks to be furnished by the board, for a license so to do. The applicant shall transmit with said application his or her diploma, together with an affidavit setting forth that said diploma is genuine and that the applicant is the rightful possessor thereof and the identical person named therein, and that the same was obtained by pursuing the regular course of study or examination in said institution and setting forth that he or she is a citizen of the United States, or has declared his intention of becoming such. If the said diploma has been issued by a reputable college of medicine in good standing, said applicant shall be eligible to examination.

All applicants shall be examined in the applied branches of the theory and practice of medicine and surgery or either of them, as those branches are taught in the reputable chartered schools of the system of medicine to which the applicant belongs and which the applicant intends to practice, and such examination shall in all cases include anatomy, physiology, pathology, diagnosis, hygiene, chemistry, histology and toxicology.

No applicant for a license shall be allowed to practice medicine and surgery or either of them until such license shall have been granted. The board shall cause the examination to be scientific and practical, and sufficiently thorough to test the applicant's fitness to practice medicine and surgery or either of them, and if the applicant correctly answers at least 75 per cent. of all the questions submitted, said board shall grant the applicant a license to practice medicine and surgery in this state. Every applicant for license under any of the provisions of this chapter, must furnish sufficient evidence to the board that he is of good moral character. All applications under this section must be accompanied by $25, which is the fee for examination under this section. Should the applicant fail to pass said examination, the fee is not returnable. The cost of transmission to and from the board of all papers belonging to an applicant under this or any other section of this chapter shall be paid by the applicant. In case an applicant for an examination fails to pass the required examination, he or she may be reexamined after the expiration of six months, and within one year, without the payment of an additional fee, and thereafter said applicant may be examined as often as desired at any regular or special meeting of the board on the payment of the regular fee for such examination. Said board may also refuse a license, for unprofessional conduct, or conduct of a criminal, immoral or dishonorable nature.

Conduct of Examination. Sec. 1347, Compiled Laws of Idaho, 1918, Chapter 8, Session Laws of Idaho, 1919.

CONDUCT OF EXAMINATION. All questions upon the different branches of medicine and surgery submitted by said board to candidates for examination shall either be written or printed, or partly written and printed, and the question on each branch shall be arranged upon separate sheets of paper and numbered consecutively. The candidates shall be supplied with a list of the questions upon but one branch or subject at a time; after completing his or her answers thereto, he or she shall be entitled to the next list of questions, and so on in like manner until said candidate shall have been examined in all the branches required. All answers to the questions thus submitted shall be in writing, upon suitable paper furnished by the board, no candidate being permitted to furnish his or her own paper for such written answers. Each list of the candidate's answers shall bear the same title as the corresponding list of questions, and each answer shall be numbered to correspond with the question to which it refers. The questions submitted by the board to each candidate examined, together with the answers thereto, shall be placed and kept on file in the office of the secretary of said board, and shall constitute part of the records of said office.

Issuance of Licenses, Sec. 1348 of Compiled Laws of Idaho, 1918, Chapter 8, Section 32, Session Laws of 1919.

ISSUANCE AND SIGNING OF LICENSES. All licenses issued by the board shall be numbered consecutively and in the order issued. Each license shall be signed by the president and secretary of the board, under the official seal of the board issuing the same.

The preceding section was repealed as inconsistent by Section 52 of Chapter 8, Session Laws of Idaho, 1919, and the following substituted therefor:

All certificates, licenses and authorities shall be issued by the Department of Law Enforcement in the name of such department, with the seal therof attached.

Recording of Licenses, Sec. 1349, Compiled Laws of Idaho, 1918, Chapter 8, Sec. 31. Substitute for the words "secretary of the state medical examining board," "Secretary" and "secretary of said medical board" the words "Commissioner of Law Enforcement," "Commissioner," and "Commissioner of Law Enforcement."

RECORDING OF LICENSE. Every person receiving a license under this chapter shall, within 30 days thereafter, have the same recorded in the office of the county recorder, within the county where the licentiate intends to practice. Otherwise, said license is void. The County Recorder of each county shall have suitably prepared a separate book of record in which all the licenses under this chapter presented to him, shall be recorded, and on the 1st day of December of each year he shall furnish the secretary of the State Medical Examining Board a list of the licenses on record in his office, and upon notice to him from said secretary of the revocation of any license on record in his office, or of the death or removal from the county of any person whose license is on record therein, said recorder shall make a note of the fact on the page containing the record of said license, so that the records kept by said county recorder shall correspond with the records of his county, as kept by the secretary of said medical board.

Penalty. Sec. 1350, Compiled Laws of Idaho, 1918. Chapter 8, Sec. 31, Session Laws of Idaho, 1919.

PENALTY FOR PRACTICING WITHOUT A LICENSE. Any person practicing medicine and surgery within this state, without having obtained the license herein provided for, or contrary to the provisions of this chapter, shall be guilty of a misdemeanor, and upon conviction thereof shall be fined not less than $100, nor more than $1,000, or be imprisoned in the county jail not less than 30 days, nor more than one year, or be punished by both such fine and imprisonment, in the discretion of the court, together with the costs of prosecution, and each day such person continues to practice medicine and surgery contrary to the provisions of this chapter shall constitute a separate offense.

The Department of Law Enforcement shall have power:

To enforce all of the penal and regulatory laws of the State in the same manner and with like authority as the sheriffs of the counties.

Cancellation of and refusal to grant licenses. Sec. 1351, Compiled Laws of Idaho. Substitute for the word "board" in each instance. "Commissioner of Law Enforcement." Sec. 32, Chap 8, Session Laws of Idaho, 1919.

CANCELLATION OF AND REFUSAL TO GRANT LICENSE. When complaint is made to the board, of unprofessional or other conduct, on the part of any licentiate, under the provision of this chapter, meriting a suspension, revocation or cancellation of his license, the board shall have power to hear evidence for and against the accused, touching such complaint, and if the board be satisfied from the evidence of the justice of such complaint, the board must institute proper proceedings in the district court in and for the county where such licentiate resides, for the suspension or revocation and cancellation of such license, and the district courts of this state are hereby vested with jurisdiction to hear and determine all such proceedings, and to suspend or revoke and cancel any license at issue in any such proceeding. The accused shall be entitled to appear in person or by council at every stage of any proceedings, from the first hearing of said complaint before the board to the final disposition of the case in the district court. All costs incident to any such proceeding in the district court shall be assessed by the court as the justice in the case, in the discretion of the court, may require. In all such proceedings the prosecuting attorney shall appear for the board in the district court.

In case the board refuse to grant a license to practice under this chapter, the applicant shall have the right to have the action of the board refusing such license reviewed by the district court in and for the county in which the meeting at which the license was refused was held, or such other county as may be agreed upon: Provided, Proceedings for such review be instituted within 10 days after notice of such refusal to the applicant.

The Department of Law Enforcement shall, wherever the several laws regulating professions, trades and occupations which are devolved upon the department for administration so require, exercise, in its name, but subject to the provisions of this Act, the following powers: . . . . . (5) To conduct hearings on proceedings to revoke or refuse renewal of licenses, certificates or authorities of persons exercising the respective professions, trades or occupations, and to revoke or refuse to renew such licenses, certificates or authorities.

Definitions. Sec. 1352, Compiled Laws of Idaho, 1918.

DEFINITION OF UNPROFESSIONAL OR DISHONORABLE CONDUCT. The words "unprofessional or dishonorable conduct" as used in this chapter, are hereby declared to mean:

1. The procuring or aiding or abetting in procuring, a criminal abortion.

2. The employment of what are popularly known as "cappers" or "steerers" in procuring practice.

3. The obtaining of a fee on the assurance that a manifestly incurable disease can be permanently cured.

4. A wilful betrayal of a professional secret to the detriment of a patient.

5. All advertisements of medical business in which untruthful and improbable statements are made

6. All advertisements of all kinds, of any medicine or means whereby the monthly periods of women can be regulated or the menses can be established if suppressed.

7. Conviction of any offense involving moral turpitude.

8. Habitual intemperance in the use of ardent spirits, narcotics or stimulants.

Definition. Sec. 1352, Compiled Laws of Idaho, 1918.

DEFINITION OF PRACTICING MEDICINE: FALSE DIPLOMAS OR PERSONATION. Any person shall be regarded as practicing medicine and surgery, or either, who shall advertise in any manner, or hold himself or herself out to the public, as a physician and surgeon, or either, in the state, or who shall investigate or diagnosticate, or offer to investigate or diagnosticate, any physicial or mental ailment of any person with a view of relieving the same as is commonly done by physicians and surgeons, or suggest, recommend, prescribe or direct, for the use of any person, sick, injured, or deformed, any drug, medicine, means or appliance for the intended relief, palliation or cure of the same, with the intent of receiving therefor, either directly or indirectly, any fee, gift or compensation whatsoever: Provided, however, This chapter shall not apply to dentists and registered pharmacists or midwives in the legitimate practice of their respective professions, nor to services rendered in cases of emergency, where no fee is charged.

Any person who shall present to the board, as his or her own, the diploma of another, or a forged affidavit of identification or who shall attempt to personate another practitioner of a like or different name, shall, upon conviction thereof, be subject to such fine and imprisonment as are made and provided by the statutes of the State of Idaho for the crime of forgery.

Definition. Sec. 1354, Compiled Laws of Idaho, 1918. Subdivision 3, Sec. 32, Chapter 8 of Session Laws of Idaho, 1919.

DEFINITION OF MEDICAL COLLEGE IN GOOD STANDING. The words "respectable or reputable medical college or university in good standing" are hereby declared to mean such medical colleges or universities as are legally chartered, reputable, and in good standing within the state or county where they are located.

The Department of Law Enforcement shall, wherever the several laws regulating professions, trades and occupations which are devolved upon the department for administration so require, exercise in its name, but subject to the provisions of this Act, the following powers: . . . (3) To prescribe rules and regulations defining, for the respective professions, trades and occupations, what shall constitute a school, college or university, or department of a university, or other institution, reputable and in good standing and to determine the reputability and good standing of a school, college or university, or department of a university, or other institution, by reference to a compliance with such rules and regulations.

Application. Sec. 1355, Compiled Laws of Idaho, 1918. Substitute for "board," "Department of Law Enforcement."

DUTIES OF PROSECUTING ATTORNEYS AND ATTORNEY GENERAL. It shall be the duty of the prosecuting attorneys to prosecute all violations of this chapter within their respective counties. In all cases of appeal to the supreme court of the state, the Attorney General thereof shall represent said board upon such appeal. The board shall investigate all complaints of noncompliance with, or violations of, the provisions of this chapter, and bring all such cases to the notice of the proper prosecuting officers.

CHAPTER 138
(S. B. No. 187.)
An Act

Levying an Occupational Tax in the Form of a Renewal License on All Persons Engaged in Trades, Occupations and Professions Licensed by the Department of Law Enforcement and Appropiating the Proceeds of Such License Fees and Renewal Fees for the Purpose of Conducting a Bureau of Office or Registration in Said Department and Repealing All Inconsistent Legislation.

Be It Enacted by the Legislature of the State of Idaho.

Section 1. All persons required to procure licenses from the department of law enforcement as a prerequisite for engaging in a trade, occupation or professional must annually renew the same on July 1 of each year. In case of failure so to renew a license, the department shall cancel the same.

Sec. 2. The licentiate shall pay to the department of law enforcement annually a renewal fee of $2.

Sec. 3. All fees and renewal fees received by the department of law enforcement for licenses to engage in trades, occupations or professions shall be deposited in a special fund in the treasury known as the occupations registration fund. All moneys accruing to said fund are hereby appropriated for the use of the department of law enforcement in conducting a bureau or office of registration.

Sec. 4. All acts and parts of acts in conflict with this act are hereby repealed.

Approved March 18, 1919.

FOR KEY TO SPECIALTIES, ABBREVIATIONS, SYMBOLS, ETC., SEE PAGES 6 AND 7; SPECIAL SOCIETIES, SEE PAGE 78

TO APPRECIATE THE VALUE OF THE DIRECTORY, AND THE PRACTICAL INFORMATION IT CONTAINS, STUDY CAREFULLY PAGES 3, 6 and 7.

KEY TO SPECIALTIES AND SPECIAL SOCIETIES

A SYMBOL DESIGNATING SPECIALTY IS ENTERED ON REQUEST WHENEVER THE PHYSICIAN IS A MEMBER (1) OF A CONSTITUENT STATE ASSOCIATION, (2) OF A SPECIAL SOCIETY OF WHICH THE MEMBERSHIP IS LISTED IN THE DIRECTORY, OR (3) IS A TEACHER IN A MEDICAL SCHOOL CLASSED "A" OR "B" IN THE RATING OF THE COUNCIL ON MEDICAL EDUCATION AND HOSPITALS. SPECIALTIES ARE INDICATED AS FOLLOWS:

S—Surgery.
Ob—Obstetrics.
G—Gynecology.
ObG—Obstetrics and Gynecology.
Or—Orthopedic Surgery.
Pr—Proctology.
Oph—Ophthalmology.
LR—Laryngology, Rhinology.
ALR—Otology, Laryngology, Rhinology.
OALR—Ophthalmology, Otology, Laryngology, Rhinology.
U—Urology.
D—Dermatology.
Pd—Pediatrics.
N—Neurology.
P—Psychiatry.
NP—Neurology and Psychiatry.
I★—Internal Medicine.
T—Tuberculosis.
Anes—Anesthesia.
CP—Clinical Pathology.
R—Roentgenology.
Path—Pathology.
Bact—Bacteriology.
PH★—Public Health.

WHEN THE ABBREVIATION DESIGNATING A SPECIALTY IS FOLLOWED BY AN ASTERISK (★) IT INDICATES THAT THE PHYSICIAN CLAIMS HIS PRACTICE IS LIMITED TO THAT PARTICULAR BRANCH OF MEDICINE; WTHOUT THE ASTERISK, THAT HE IS ESPECIALLY INTERESTED IN BUT DOES NOT LIMIT HIS PRACTICE TO, THAT BRANCH. THIS INFORMATION CONCERNING SPECIALTY IS BASED ON PERSONAL DATA FURNISHED BY THE PHYSICIAN AND IS NOT VERIFIABLE.

NEW MEDICAL PRACTICE LAW OF ILLINOIS

An Act

To Revise the Law in Relation to the Practice of the Art of Treating Human Ailments.

Section 1. Be it enacted by the People of the State of Illinois, represented in the General Assembly: This Act shall be known as "the medical practice Act of Illinois."

Sec. 2. LICENSE ESSENTIAL: No person shall practice medicine and surgery or any of the branches thereof, or any system or method of treating human ailments without the use of drugs or medicines and without operative surgery, or midwifery, without a license so to do.

Sec. 3. REQUIREMENTS FOR LICENSE: No person shall, except as otherwise provided in this Act, hereafter be licensed to practice medicine, or any other system or method of treating human ailments, or midwifery, unless he shall pass a satisfactory examination conducted by the Department of Registration and Education, pursuant to an Act entitled, "An Act in relation to the civil administration of the state government, and to repeal certain acts therein named," approved March 7, 1917, in force July 1, 1917.

Sec. 4. Each applicant for examination shall:

1. Make application for examination on blank forms prepared and furnished by the Department of Registration and Education;

2. Submit evidence, verified by oath, and satisfactory to the Department of Registration and Education that

(a) He is twenty-one years of age or over;

(b) He is of good moral character;

(c) He has the professional and preliminary education required by this Act.

3. Designate in his application whether he desires to practice medicine and surgery in all their branches, or to treat human ailments without the use of drugs or medicines and without operative surgery, and, if he desires to treat human ailments without the use of drugs or medicines and without operative surgery, the designation shall be in accordance with the tenets of the professional school, college or institution of which he is a graduate;

4. Pay in advance to the Department of Registration and Education examination fees as follows:

(a) For the examination in medicine and in other systems of treating human ailments, ten dollars;

(b) For the examination in midwifery, five dollars.

Sec. 5. MEDICAL EDUCATION STANDARDS: Minimum standards of professional education are fixed as follows:

1. For the practice of medicine and surgery in all their branches:

(a) A Five-Year Course. For an applicant, who is a graduate of a medical college prior to July 1, 1922, that he is a graduate of a medical college deemed to be reputable and in good standing at the time of his graduation, and completed a course of study in such medical college in accordance with the laws to regulate the practice of medicine and the rules[1] of the State Board of Health established and in force at the time of graduation.

(b) Hospital Intern Year Added. For an applicant, who is a graduate of a medical college subsequent to July 1, 1922, that he is a graduate of a medical college deemed to be reputable and in good standing and which requires of its students, as a prerequisite to graduation either, at least five years' course of instruction, the time elapsing between the beginning of the first year and the ending of the last, or fifth year in the medical college to be not less than fifty months, or as a prerequisite to admission to such medical college, one year in a college of liberal arts approved by the Department of Registration and Education, and pursuing in such college of liberal arts a course of study approved by such department, and at least four years' course of instruction in the medical college, the time elapsing between the beginning of the first year in the medical college and the ending of the last or fourth year in the medical college to be not less than forty (40) months, and, in either case, in addition thereto, a course of training of not less than twelve months in a hospital approved by the Department of Registration and Education;

2. FOR DRUGLESS PRACTITIONERS—A Four Years' Course: For the practice of any system or method of treating human ailments without the use of drugs or medicines and without operative surgery, that the applicant is a graduate of a professional school, college or institution teaching the system of treating human ailments for which the applicant desires to be licensed, which requires as a prerequisite to graduation four years' course of instruction, the time elapsing between the beginning of the first year and the ending of the last, or fourth, year to be not less than forty months, and which is deemed to be reputable and in good standing;

3. FOR THE PRACTIVE OF MIDWIFERY: That the applicant is a graduate of a college of midwifery in good standing.

The standards of professional education above defined shall be deemed to be minimum requirements. The Department of Registration and Education may, by rule, prescribe other and additional requirements for professional education.

Sec. 6. PROVISION FOR MEDICAL COLLEGES REQUIRING INTERNSHIP FOR GRADUATION: The Department of Registration and Education may, prior to July 1, 1922, in its discretion, admit to examination a student who has completed in a medical college, determined to be reputable and in good standing, the course of instruction required by the rules of the Department of Registration and Education, and who has passed the examination in such college, but has not received a diploma, if the medical college of which he is a graduate requires as a prerequisite of graduation, at least five years' course of instruction, the time elapsing between the beginning of the first year and the ending of the last, or fifth year, in the medical college to be not less than fifty months. If such student shall pass the examinations of the Department of Registration and Education it may issue to him a limited license authorizing him to practice medicine and surgery in a hospital approved by the Department of Registration and Education, and in no other place whatsoever in the State of Illinois, which limited license shall remain in effect for a period not exceeding eighteen months from the date thereof, and the Department of Registration and Education may then issue to the applicant the regular permanent license to practice medicine and surgery without further examination, on condition that the applicant present a diploma from a medical college reputable and in good standing in which he has completed a course previous to the issuance of the limited license hereinbefore mentioned, and otherwise complies with the requirement of the the rules of the Department of Registration and Education.

The word (year) as used in sections 5 and 6 of this Act shall be held to mean a school year.

Sec. 7. PRELIMINARY EDUCATION: Minimum standards of preliminary education deemed requisite to admisison to a medical college, or to a professional school, college or institution teaching other systems of treating human ailments, deemed to be reputable and in good standing are fixed as follows:

1. That the applicant for admisison to such college, school or institution has satisfactorily completed an approved course of study in a high school or other equivalent school having a course of studies requiring an attendance through four school years and which is approved by the Department of Registration and Education;

2. That the applicant present a certificate of having passed a satisfactory written examination before the Superintendent of Public Instruction of this state, or like state officer of another state or country, in the studies embraced in the curriculum of a high school approved by the Department of Registration and Education.

The standards of preliminary education above defined shall be deemed to be minimum requirements. The Department of Registration and Education may, by rule, prescribe additional standards of preliminary education.

The Superintendent of Public Instruction of this state shall collect in advance a fee of five dollars ($5.00) from each applicant for examination.

Sec. 8. An applicant for admission to a school of midwifery shall have a preliminary education equivalent to that of a graduate of a graded school in this state.

Sec. 9. EXAMINATIONS: All examinations provided for in this Act shall be conducted under rules and regulations prescribed by the Department of Registration and Education. Examinations shall be held not less frequently than four times each year, at times and places fixed by the Department of Registration and Education, of which the applicant shall be notified in writing. Examinations may be made wholly or in part in writing, and shall be of a character sufficiently strict to test the qualifications of the candidate as a practitioner.

Sec. 10. FOR PHYSICIANS: The examination of those who desire to practice medicine and surgery in all their branches shall embrace those general subjects and topics, a knowledge of which is commonly and generally required of candidates for a degree of doctor of medicine by reputable medical colleges in the United States.

Sec. 11. DRUGLESS PRACTITIONERS: The examination of those who desire to practice systems or methods of treating human ailments without the use of drugs or medicines and without operative surgery shall be of the same character as that required of those who desire to practice med-

[1]These rules provide for a "five-year medical course," the first year of which must be devoted largely to physics, chemistry and biology, and which may have been completed in an approved college of liberal arts.

icine and surgery in all their branches, excepting therefrom materia medica, therapeutics, surgery, obstetrics, and theory and practice. If the applicant is a graduate of a professional school, college or institution in which the subject of obstetrics, as taught there, is deemed equal to that taught in a medical college, reputable and in good standing, he may, on his request, be examined in the subject of midwifery. In the subjects of theory and practice the applicant shall be examined in accordance with the theory and practice taught by the professional school, college or institution of which the applicant is a graduate.

Sec. 12. MIDWIVES: The examination of those who desire to practice midwifery shall be of such a character as to determine the qualification of the applicant to practice midwifery.

Sec. 13. LICENSES. Each applicant who successfully passes an examination shall be entitled to a license. The following kinds of licenses shall be issued:

1. For Physicians: To practice medicine and surgery in all their branches to those who took an examination for that purpose;

2. To treat human ailments without the use of drugs or medicine and without operative surgery to those who took an examination for that purpose, and to practice such treatment in accordance with the tenets of the school of practice designated by applicant under the provisions of Section four (4) of this Act.

If the applicant successfully passed the examination in the subject of midwifery, the license shall also set forth his right to practice midwifery.

3. A limited license to practice medicine and surgery in a hospital approved by the Department of Registration and Education;

4. To practice midwifery.

Sec. 14. EXCHANGE OF DRUGLESS FOR PHYSICIAN'S LICENSE: Any person licensed under the provisions of this Act to practice in any school or system of treating human ailments without the use of drugs or medicines and without operative surgery, may be admitted to take an examination to practice medicine and surgery in all their branches upon proof of having successfully completed, in a medical college deemed to be reputable and in good standing, the course of study required for admission to an examination for a license to practice medicine and surgery in all their branches. In such case the applicant shall pass a satisfactory examination in materia medica, therapeutics, surgery and obstetrics only, and in no other subjects. In case the applicant holds a license to practice midwifery, he shall be credited therewith and shall be examined in obstetrics in that portion which was not included within the scope of his examination in midwifery. If the applicant successfully passes such examination he shall be issued a license to practice medicine and surgery in all their branches.

Sec. 15. RECIPROCITY — FOR PHYSICIANS: The Department of Registration and Education may, in its discretion, issue a license, without examination, to a practitioner who has been licensed in any country, state, territory or province upon the following conditions:

1. That the applicant is of good moral character;

2. That if the applicant desires to practice medicine and surgery in all their branches:

(a) He is a graduate of a medical college in good standing.

(b) The requirements of medical registration in the country, state, territory or province in which he is licensed are deemed by the Department of Registration and Education to have been practically equivalent in the requirements of medical registration in force in this state at the date of such license.

3. FOR DRUGLESS PRACTITIONERS: That if the applicant desires to treat human ailments without the use of drugs or medicines and without operative surgery:

(a) He is a graduate of a professional school, college or institution in good standing.

(b) The requirements of registration to practice the treatment of human ailments without the use of drugs or medicines and without operative surgery are deemed by the Department of Registration and Education to be practically equivalent to the requirements of such registration as provided for under this Act.

4. That the country, state, territory or province in which the applicant was licensed shall accord a like privilege to physicians, or to those who hold licenses to treat human ailments without the use of drugs or medicines and without operative surgery, who hold licenses under the authority of the laws of this state.

The Department of Registration and Education may also, in its discretion, issue a license, without examination, to a physician who is a graduate of a medical college in good standing, and who has passed an examination for admission to the medical corps of the United States Army, the United States Navy, or the United States Public Health Service.

Applications from nonresident practitioners shall be filed with the Department of Registration and Education on blank forms prepared and furnished by the department.

Sec. 16. FEES:[2] Each person entitled to a license under this Act shall pay to the Department of Registration and Education the following fees:

1. For a license to practice medicine and surgery in all their branches or for a license to practice any other system of treating human ailments, five dollars ($5.00);

2. For a limited license to practice medicine and surgery in a hospital approved by the Department of Registration and Education, five dollars ($5.00), and no fee for issuing to the holder of such limited license a permanent license;

3. For a license to a practitioner admitted from a foreign state or country under the reciprocity provisions of this Act the same fees charged by the state endorsing the applicant for an Illinois physician applying for registration in such state, but in no case less than twenty-five dollars ($25.00);

4. For a license to practice midwifery, three dollars ($3.00).

Sec. 17: RECORDING OF LICENSE: Every person holding a license or certificate issued under the provisions of this Act, or any prior Act of this state regulating the practice of medicine shall have it recorded in the office of the county clerk of the county in which he resides or practices and the date of recording shall be endorsed thereon. Until such license or certificate is recorded the holder thereof shall not exercise any of the rights or privileges conferred therein. Any person practicing in another county shall record the license or certificate in like manner in the county in which he practices. The county clerk shall keep, in a book provided for the purpose, a complete list of the licenses or certificates recorded by him, with the date of the issue of the license or certificate. The register of the county clerk shall be open to public inspection during business hours.

Sec. 18. REVOCATION OR REFUSAL OF LICENSE: The Department of Registration and Education may revoke the license of any person holding a license issued in pursuance of and under any law of this state to practice medicine and surgery in all their branches, or to practice any other system or method of treating human ailments without the use of drugs or medicine and without operative surgery, or to practice midwifery, in any of the following cases:

1. A person who has been convicted of the practice of criminal abortion;

2. A person who has by false or fraudulent representation obtained or sought to obtain practice in his profession;

3. A person who is an habitual drunkard, or habitually addicted to the use of morphine, opium, cocain or other drugs having a similar effect;

4. A person who has by false or fraudulent representation of his profession obtained or sought to obtain money or any other thing of value;

5. A person who has advertised under a name other than his own;

6. A person who shall advertise or profess publicly to treat human ailments under a system or school of treatment or practice other than that for which he holds a license;

7. A person who has been committed, by the judgment of a court of competent jurisdiction, to a hospital for the insane;

8. A person who is guilty of any wilful violation of the rules and regulations of the Department of Registration and Education governing examinations, or who is guilty of any fraud or deceit by which he was admittted to practice;

9. A person who has been guilty of any other unprofessional or dishonorable conduct;

Paragraph 6 of this section shall not be construed to affect any person licensed by the State Board of Health, on or before July 1, 1917, to treat human ailments without the use of drugs or medicines internally or externally and without the use of operative surgery, who is legitimately engaged in the practice of his profession, unless he shall treat or profess to treat human ailments with the use of drugs or medicines, internally or externally, or with operative surgery.

For any of the above reasons the Department of Registration and Education may refuse to issue a license.

No license or certificate shall be revoked or refused until the holder thereof shall have been given a hearing before the Department of Registration and Education.

Sec. 19. POWERS OF THE DEPARTMENT: The Department of Registration and Education shall have power, and it shall be its duty:

1. To make rules to establish a uniform and reasonable standard of educational requirements to be observed by medical colleges, by professional schools, colleges and institutions teaching other systems or sciences of treating human ailments without the use of drugs or medicines and without operative surgery, and by schools of midwifery, and to determine the reputability and good standing of such schools, colleges or institutions by reference to their compliance with such rules;

2. To require satisfactory proof that medical colleges and professional schools, colleges or institutions teaching other systems of treating human ailments, and schools of midwifery, which are deemed to be reputable and in good standing, enforce the standard of preliminary education deemed by this Act requisite to admission to such medical colleges, or to professional schools, colleges or institutions teaching other systems of treating human ailments, or to schools of midwifery;

3. To determine the standing of literary or scientific colleges, high schools, seminaries, normal schools, preparatory schools, graded schools, and the like, whenever required by this Act.

Sec. 20. EXEMPTIONS: Any person shall be regarded as practicing medicine or treating human ailments, within the meaning of this Act, who shall treat or profess to treat, operate on or prescribe for any physical ailment or any physical injury to or deformity of another. This section shall not be construed to affect the following cases:

1. The administration of domestic or family remedies in cases of emergency;

2. The practice of dentistry and dental surgery by any legally licensed dentist exclusively engaged in practicing dentistry and dental surgery;

3. The practice of pharmacy by any legally registered pharmacist, registered assistant pharmacist or registered local pharmacist exclusively engaged in practicing pharmacy.

4. Any surgeon of the United States Army, Navy or Public Health Service in the discharge of his official duties;

[2]For preliminary examination fee, see last line of Section 7. For examination fees, see Section 3.

5. The treatment of the sick or suffering by mental or spiritual means without the use of any drug or material remedy;

6. The practice of optometry by any legally licensed optometrist, exclusively engaged in practicing optometry.

Sec. 21. USE OF ANTISEPTICS: Nothing in this Act shall be construed to prohibit those persons licensed to practice any system or method of treating human ailments, the right to use such antiseptic precautions as are prescribed by the Department of Public Health of the state of Illinois for the prevention of the spread of communicable diseases, nor the right to use antidotes in cases of emergency involving acute poisoning.

Sec. 22. PENALTY FOR PRACTICING WITHOUT A LICENSE: Any person who, not being then licensed to practice medicine and surgery in all their branches, shall practice medicine and surgery; or who, not being then licensed to treat human ailments without the use of drugs or medicines and without operative surgery, shall treat human ailments without the use of drugs or medicines and without operative surgery; or who, being licensed to treat human ailments without the use of drugs or medicines and without operative surgery, shall treat human ailments with drugs or medicines or with operative surgery; or who, not being then licensed to practice midwifery shall practice midwifery; or who shall buy, sell or fraudulently obtain any medical or professional diploma, license or registration; or who shall fraudulently aid or abet such fraudulent buying, selling or obtaining; or who shall practice the treatment of human ailments, or midwifery, under cover of the practice of medicine and surgery by any license fraudulently or illegally obtained; or who, being licensed to treat human ailments without the use of drugs or medicines and without operative surgery in a named school or system of practice, shall, in connection with his name, advertise or profess to treat human ailments under a system or school of treatment or practice other than that for which he holds a license, shall be guilty of a misdemeanor, and, upon conviction, shall be punished by a fine of not less than twenty-five dollars ($25.00) nor more than two hundred dollars ($200.00) or confined to the county jail not more than one year, or punished by both such fine and imprisonment in the discretion of the court.

Sec. 23. Any person filing or attempting to file as his own the diploma or certificate of another, or a forged affidavit of identification shall be guilty of the crime of forgery and punished accordingly.

Sec. 24. Any person who shall wilfully and knowingly make any false oath or affidavit required by the provisions of this Act shall be guilty of perjury and punished accordingly.

Sec. 25. Any person, other than one licensed to practice medicine and surgery in all their branches, calling or advertising himself as a physician or doctor, without affixing thereto a prefix or suffix indicating the school or system of practice in which he is licensed to practice, shall be deemed guilty of a misdemeanor and upon conviction thereof shall be punished by a fine of not more than one hundred dollars $100.00) or by imprisonment in the county jail for not more than six months, or by both such fine and imprisonment, in the discretion of the court.

Sec. 26. Any person licensed to practice midwifery who shall use any drug or medicine, except the prophylactic for ophthalmia neonatorum prescribed by the Department of Public Health and except antiseptics locally, or who shall attend other than cases of normal labor, shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be punished by a fine of not more than one hundred dollars ($100.00) or by imprisonment in the county jail for not more than six months, or by both such fine and imprisonment, in the discretion of the court.

Sec. 27. All certificates or licenses heretofore issued by the State Board of Health authorizing or permitting the holder thereof to practice medicine and surgery in all their branches, or to treat human ailments without the use of medicine, internally or externally, and without operative surgery, or to practice midwifery, and in force on the first day of July, A. D. 1917, shall continue valid and in full force and effect unless revoked by the Department of Registration and Education under the provisions of this Act.

Sec. 28. Any person heretofore licensed by the State Board of Health to treat human ailments without the use of drugs or medicines and without operative surgery, and who is a graduate of a professional school, college or institution which is deemed by the Department of Registration and Education to have been reputable and in good standing at the time the applicant graduated therefrom, may, within one year from the time this Act takes effect and upon the payment of a transfer fee of five dollars and upon the surrender of his original license or certificate, apply for and obtain a new license or certificate authorizing him to treat human ailments without the use of drugs or medicines and without operative surgery, and to practice in the school or system of treating human ailments taught in the professional school, college or institution of which he is a graduate.

The application for the license or certificate provided in this section shall be verified by the oath of the applicant and shall be made on forms provided and furnished by the Department of Registration and Education.

Sec. 29. The following Act is hereby repealed: "An Act to regulate the practice of medicine in the state of Illinois and to repeal an Act therein named." Approved April 24, 1899, in force July 1, 1899.
